

# HINGHAM PUBLIC SCHOOLS

## ELEMENTARY FAMILY-STUDENT HANDBOOK

### **East Elementary**

Principal: Jonathan Hawes  
Asst. Principal: Dr. Amanda Donovan

### **Foster Elementary**

Principal: Matthew Scheufele  
Asst. Principal: Jennifer Newell

### **Plymouth River Elementary**

Principal: Gregory Lamothe  
Asst. Principal: Melissa Smith

### **South Elementary**

Principal: Mary Eastwood  
Asst. Principal: Lori Jacobs

*Hingham Public Schools adheres to all Massachusetts Department of Education requirements for English Learners Education programs. Upon student enrollment, a home language survey is completed for every student. If a child does not speak English or comes from a home in which English is a second language, the student is referred to the English Learner Education teacher who accepts referrals for evaluation from the principal and/or the Director of Student Services. The Director of Student Services oversees the determination of eligibility, eligibility is established and sheltered English Immersion Services and English Language Development instruction is offered to the student as necessary.*

*If you need this booklet translated, please contact the main office of your child's school.*

**Portuguese:** *Se voce necessitar este livreto traduzido, contate por favor o escritorio principal da escola da sua crianca*  
**Espanol:** *Si usted necessita este librete traducido, entre en contacto con por favor la oficina principal de la escuela de su nino.*

**Chinese:** 如果您需要翻译这本书, 请联系您孩子所在学校的总办公室。

*District Mission:*

Together with students, staff, families, and community, we cultivate an equitable, inclusive, innovative learning environment that empowers all students to contribute to their local and global community.

*District Vision Statement:*

All students will embark on a lifelong learning journey to flourish with empathy and confidence.

*Hingham Public Schools Rules of the Road:*

- ★ Treat each other with care and respect.
- ★ Support a positive learning environment.
- ★ Be serious about learning.
- ★ Take care of your school.

If any of the policies or administrative guidelines referenced herein are revised after the approval of the handbook, the language in the most current policy or administrative guideline prevails.*

## **I. PROCEDURES & INFORMATION**

### **(A.) ATTENDANCE**

**Attendance Policy: ([Per HPS School Committee Policy JH](#))**

#### **Elementary Attendance Guidelines:**

It is the responsibility of parents/legal guardians to assure the regular attendance of their student(s). Absences can be excused in the following instances: (a) personal illness or quarantine; (b) death in the family; (c) approved religious holidays; (d) emergency medical or dental treatment; or (e) weather so inclement as to endanger the health of a student; (f) other reasons of necessity or significance if approved by the principal of the school. [M.G.L. Chapter 76, Sections 2 and 4](#) detail the consequences for adults who contribute to the truancy or lack of school attendance of a minor.

Frequent or extended absences (including planned vacations during school days) are detrimental to the learning process for the individual child and may be disruptive to the routines of students.

Using the HPS attendance policy as a guide, elementary schools established common guidelines for attendance procedures and protocols for communicating attendance concerns and consequences to parents. Specifics of these procedures are as follows:

#### **Student Absence and Notification Program:**

Many play a role in monitoring regular student attendance (parents, classroom educators, nurse, guidance/adjustment counselors, administration, etc.). Parents are asked to email their main office or call the school if a child must be absent (notes or notification are required for all absences). The school nurse and/or administration may request a physician's note for absences of more than five (5) school days. Staff are encouraged to make efforts to identify or address absences beyond singular absences on a case-by-case basis, up to five (5) accrued days within a marking period.

The Principal or designee shall notify (via letter) the family of any student who has missed five (5) or more unexcused school days. In instances of chronic absenteeism, the principal or designee shall establish action steps with the family intended to address the continued absenteeism and ensure that the student is able to attend school regularly. The action planning steps will address any academic or behavioral concerns associated with or incurred as a result of the chronic absenteeism. This plan may also include support from outside agencies, mental or behavioral health supports, and related school personnel.

#### **Tardiness:**

A child is deemed to be tardy if they are not in his/her classroom at the designated start of the school day. As with absences, classroom teachers will make the first contact (after three tardies in a marking term) to address any issues with attending school on time. Similar to absences (see

above), a letter will be sent home after five (5) tardies to notify the family of tardiness concerns and, when applicable, develop a plan of action to ensure the student is able to arrive at school on time.

**Makeup Work:**

Parents can request makeup work after the first day of a multiple day absence. The nature of makeup work for a long-term absence will be determined by the teacher. Teachers are not expected to provide specific assignments in advance of a vacation or long-term absence. However, they may be able to provide a general sense of what topics/areas the class will cover. In the case of long-term absences of a medical nature, home tutoring may be available (parents should contact the school administration, nurse, or guidance/adjustment counselor). The classroom teacher will establish the period allowed for the completion of makeup after an extended absence. In some instances, teachers may provide intervention to remediate the loss of learning after extended absences.

**Student Early Dismissal:**

All early dismissals must occur through the main office. Any child leaving the school premises during the school day must be dismissed by a written note indicating the time and reason to his/her teacher. The parent/guardian must report directly to the office to sign the student out of school while waiting for the child's arrival at the office.

Try to avoid calling in a dismissal, specifically, after 12:00 pm. Supplying the school with a note will make the early dismissal a smooth and safe process for your child. A note is also required for dismissal of a child to anyone other than a parent or a guardian. Notes should be specific to the time and identification of the adult picking up the student. Identification of unknown persons will be checked in the office.

**(B.) BUS TRANSPORTATION**

**Transportation Policies: (Per HPS School Committee Policy)**

7.6 TRANSPORTATION The school transportation program will be operated in a manner that is safe, efficient and economical and will adhere to all regulations of the Massachusetts Department of Elementary and Secondary Education and the Registry of Motor Vehicles that relate to student transportation.

7.6.1 MEANS OF TRANSPORTATION Transportation of students shall be by vehicles owned or leased by the Town and operated by an employee of the Town or by a properly licensed driver with whom the School Department has contracted to provide transportation services. The Superintendent may permit a staff member to furnish transportation in privately owned vehicles if circumstances dictate. Individual staff members who provide such transportation on a voluntary basis are to be notified that while the Town's insurance policy may include a provision for non-owned vehicles, the primary insurance on the vehicle is the responsibility of the vehicle's owner.

7.6.2 EXTENT OF SERVICES State Law (M.G.L. Chapter 71, Section 68) requires School Committees to provide transportation to any students in grades kindergarten through 6 who reside two or more miles from school. Beyond these statutory requirements, transportation will be organized so that (a) no student shall be required to cross or walk along a heavily traveled

highway, as designated by the Police Department Safety Office and the Transportation Coordinator, prior to the arrival of the school bus except at the location of a police crossing officer; (b) no student shall be required to walk along the side of a heavily traveled highway where no sidewalks are available; (c) no student shall be required to walk more than one mile to attend grades K-5; (d) no student shall be required to walk more than one and one-half miles to attend grades 6-8; (e) no student shall be required to walk more than two miles to attend grades 9-12; and (f) no student shall be required to walk more than one mile to a bus stop.

**7.6.2.1 VISIBLE PARENT** A parent or other designated person of all Kindergarten students must be visible at the bus stop for drop off. If the parent or other designated person is not present the student will be returned to school.

**7.6.2.2 STREET CLOSURE** When the streets are closed down, parents will be notified to pick up their children at the closest accessible bus stop location for their route.

**7.6.2.3 MUSICAL INSTRUMENTS AND OTHER EQUIPMENT** Musical instruments and other equipment that can be safely secured on a lap and do not block the aisle or adjacent seat are allowed. All other equipment may pose a safety threat and are therefore not allowed.

**7.6.2.4 WINTER RULES**

(a) If snow is excessive and sidewalks are not cleared, bus drivers will, as safety reasonably allows, pick up any students walking or waiting along the route. This applies to all grades along the existing bus routes.

(b) Bus stops may be altered to allow for safe pick-up of students. More frequent stops and alteration of routes may be necessary.

**7.6.2.5 SCHOOL TRANSPORTATION** Private school transportation is handled in accordance with M.G.L. Chapter 76, Section 1. The HPS District provides transportation for approved private schools similar to service provided for public school students.

Students eligible for school transportation will be required to ride to and from school on the bus to which they are assigned except as follows:

*Daycare:* A parent or guardian of a student who attends a daycare program on a regular basis and whose daycare location is within the student's home district and is at a distance from the school that meets the distance requirements noted above may request in writing that the student ride on other than the assigned bus. Permission will be granted on a seat availability basis.

*Family Emergencies:* In the event of a family emergency or when a student is staying with another family for an extended period of time while the student's parent or guardian is away, the parent or guardian may request that the student be allowed to ride on other than the assigned bus. The temporary bus stop must be on an established route within the student's home district. Permission will be granted on a seat availability basis.

**7.6.3 (JICC) BUS CONDUCT** The School Committee, staff, students, and parents/guardians share the responsibility for student safety during transportation to and from school. The authority for enforcing Committee requirements of student conduct on buses will rest with the Principal.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents/guardians of students whose behavior and misconduct on school buses endangers the health, safety, and welfare of other riders will be notified that their student faces the loss of transportation privileges in accordance with regulations approved by the Committee.

Parents/guardians are responsible for the supervision of their student until the student boards the bus in the morning and after the student leaves the bus at the end of the school day.

When a student boards the school bus, they become the responsibility of the District. Because the bus is an extension of the classroom, the Committee shall require students to conduct themselves in the same manner established for classroom behavior and pursuant to school bus safety rules. The bus driver is required to report violations of school bus rules and regulations.

Any misconduct which threatens the safe operation of the motor vehicle may result in the immediate suspension of busing privilege for a minimum of two weeks. A subsequent offense may result in the suspension of busing privileges for the remainder of the school year.

All substances prohibited on school grounds are likewise prohibited on school buses and students who violate this policy shall be subject to the same punishment as that administered for said violations on school grounds.

**7.6.4 TRANSPORTATION TO EXTRACURRICULAR ACTIVITIES** Unless an exception is recommended by the Principal or designee, round-trip transportation shall be provided to public school students from school to approved out-of-district extracurricular activities in which they participate. Where possible, it shall be permissible to return students to approved points along the route necessary for the bus to return to the garaging area.

**7.6.5 BUS SCHEDULES** Prior to the opening of school, bus routes and schedules will be developed and made public.

**7.6.6 USE OF SECURITY CAMERAS ON SCHOOL BUSES** The School Committee works to maintain a safe and secure environment for its students, staff, others present on school property, and facilities. Security means more than having locks and making certain that doors are locked at the proper times. Security also means minimizing fire hazards, reducing the possibility of faulty equipment, keeping records and valuables in a safe place, protection against vandalism and burglary, the prosecution of vandals, and developing crisis plans.

School facilities and their contents constitute one of the greatest investments of the community. The Committee believes it to be in the best interest of students and taxpayers for the HPS District to exert every reasonable means to protect the investment adequately.

In pursuit of this objective, the Committee authorizes the use of security cameras in District buildings and on its property to ensure the health, welfare and safety of all students, staff, and others present on school property to deter theft, vandalism and other negative behavior, to

safeguard District buildings, grounds and equipment, and to monitor unauthorized individuals in or on school property. Security cameras may be used in locations deemed appropriate by the Superintendent in consultation with school officials as well as local law enforcement and emergency response agencies. They may be used in any area, inside or outside of school buildings where there is no reasonable expectation of privacy.

School buses may be equipped with video cameras to encourage proper bus behavior. If information from a video is used in a student disciplinary decision, the student and/or the student's parent/guardian will be allowed to view the video. Videos will be reused (taped over) on a weekly basis unless there is an unresolved disciplinary matter.

The District shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time. Students or staff identified on security cameras in violation of Committee policies will be subject to disciplinary action.

The Superintendent shall ensure that proper procedures are in place and are followed regarding use, viewing, disclosure, retention, disposal and security of video recordings or photographs from security cameras in accordance with applicable laws and regulations. A video recording used for security purposes in District buildings and/or on school property shall be the sole property of the District. All video recordings will be stored in their original format and secured to avoid tampering and to ensure confidentiality in accordance with applicable laws and regulations. Access to video recordings from security cameras shall be limited to school administrators (Superintendent/designee, School Principal/designee). Law enforcement and emergency response officials shall be granted access to video recordings or the security system after giving prior notice to the Superintendent/designee.

The Superintendent may, from time to time, issue further guidance that is consistent with current laws and this policy.

### **Hingham Public Schools Bus Safety Rules:**

(All school rules apply when students are riding on school buses)

- Arrive at the assigned bus stop in advance of the posted time for the bus arrival. Parents are responsible for the supervision of students until the students board the bus in the morning and after students leave the bus at the end of the day.
- While waiting for the bus, keep as far off the road as possible until the bus has arrived, stopped and opened its door. Do not run or fool around at the bus stop.
- Keep clear of the area around the bus where the driver might not be able to see you. If you drop something under the bus, do not try to get it- report your problem to the bus driver.
- If you have to cross a street to get to your bus, wait for the bus driver to signal to you then look both ways before crossing; some cars do not stop when the bus lights are flashing.
- Get onto the bus in a single file. Do not push.
- Take a seat and remain seated until the bus arrives at school. Make room for others to be seated.
- No standing is allowed when the bus is moving.
- Do not throw anything in the bus or out of the bus window or hang any part of your body out the bus window.

- Pay attention to the instructions of the bus driver. Make sure that your behavior does not distract the driver from the important job of driving the bus.
- Keep the aisles clear. Large items and large musical instruments such as drums and cellos that will not fit on your lap are not permitted on the bus.
- Do not use inappropriate or loud talk or make other noises that might distract the driver.
- Be courteous to the driver, fellow students, and passersby. Keep your hands, feet and objects to yourself.
- No eating or drinking is allowed on the bus. Do not litter.
- Treat bus equipment well. Damage to bus equipment will be paid for by the offender.
- If you must cross the road when getting off the bus, wait for the bus driver to signal to you, then pass in front of the bus at a distance where you can see the driver and the driver can see you. Remember to look both ways before crossing. (If you do not usually cross in front of the bus at the end of the day, but need to do so, let the driver know before you get off the bus.)
- At the end of the day, go directly home

### **Bus Discipline:**

The school principal's office may suspend bus riding privileges if there are violations of these rules or if students engage in any other action which jeopardizes the health and safety and welfare of others.

Depending on the severity of the incident, the following is the general disciplinary procedure:

- Initial report (made by bus driver) of an infraction of a school bus safety rule: Student conference with the assistant principal or principal. Administrators may choose to notify the parent/caregiver .
- Second report of an infraction of a school bus safety rule or initial report of a more serious nature: Student conference with the assistant principal or principal (and bus driver as needed). Written notification to parents/caregivers.
- Third report of an infraction of a school bus safety rule or any misconduct that seriously threatens the safety of the school bus: Loss of bus riding privileges for a period not to exceed ten days. Written notification to parents.
- Fourth report of an infraction of a school bus safety rule or a second misconduct that seriously threatens the safety of the school bus: Loss of bus riding privileges for the remainder of the school year.

### **(C.) CHANGE OF ADDRESS/SCHOOL TRANSFER**

Families are required to provide the school with changes in address, along with documents that indicate the new address meets residency requirements. If the new address is outside the elementary school district your child is attending, arrangements for a school transfer need to be made.

### **(D.) CIVIL RIGHTS**

#### **Nondiscrimination Policy:**

The Hingham School Committee and Hingham Public Schools are committed to maintaining an education and work environment for all school community members. that is free from all forms of discrimination, including harassment and retaliation. The members of the school community include the School Committee, employees, administration, faculty, staff, students, volunteers in the schools, and parties contracted to perform work for the Hingham Public Schools.

Hingham Public Schools does not exclude from participation, deny the benefits of HPS from or

otherwise discriminate against, individuals on the basis of race, color, sex, sexual orientation, gender identity, religion, disability, age, genetic information, active military/veteran status, marital status, familial status, pregnancy, or pregnancy-related condition, homelessness, foster care status, ancestry, ethnic background, national origin, or any other category protected by state or federal law in the administration of its educational and employment policies, or in its programs and activities.

This commitment to the community is affirmed by the following statements. The School Committee commits to:

1. Promoting the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encouraging positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Working toward a more integrated society and enlisting the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Using all appropriate communication and action techniques to air and address the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school district, the potential benefits or adverse consequences that those decisions might have on human relations.
6. Initiating a process of reviewing policies and practices of the school district in order to achieve to the greatest extent possible the objectives of this statement.

The Hingham Public School District requires all members of the school community to conduct themselves in accordance with this policy.

Any person in the District, including staff, parents, volunteers, students, and visitors is personally responsible for:

- Ensuring that their conduct does not harass any student or other staff or applicant for employment, or other individual in the workplace or school;
- Parents/Guardians and volunteers are personally responsible for ensuring that their conduct does not harass any student, or other individual in the workplace or school. Cooperating in the investigation of informal reports or formal complaints of alleged harassment by providing any information they possess concerning the matters being investigated; and

Otherwise cooperating with efforts to prevent and eliminate harassment and to maintain a working and learning environment free from such unlawful discrimination.

It shall be a violation of this policy for any member of the school community to engage in any form of discrimination, including harassment and retaliation, or to violate any other civil right of any member of the school community. We recognize that discrimination can take a range of forms and can be targeted or unintentional; however, discrimination in any form, including harassment and retaliation, will not be tolerated.

It shall also be a violation of this policy for any school community member to subject any other member of the school community to any form of retaliation, including, but not limited to, coercion, intimidation, interference, punishment, discrimination, or harassment, for reporting or filing a complaint of discrimination, cooperating in an investigation, aiding or encouraging another member of the school community to report such conduct or file a complaint, or opposing any act or practice reasonably believed to be prohibited by this policy.

**Coordinator Of Title VI Of The Civil Rights Act Of 1964 For The Hingham Public Schools:**

The person serving as the Coordinator of Title VI of the Civil Rights Act of 1964 for student concerns for the Hingham Public Schools is the Superintendent for the Hingham Public Schools. Title VI “prohibits discrimination, exclusion from participation, and denial of benefits based on race, color and national origin.” Anyone having questions or concerns about Title VI with respect to the Hingham Public Schools should contact the Assistant Superintendent for Teaching and Learning, Ms. Katie Roberts at the School Department, 220 Central Street, Hingham, Massachusetts 02043. She can be reached by telephone at (781) 741-1500 or by email at [kroberts@hinghamschools.org](mailto:kroberts@hinghamschools.org) or by fax at (781) 749-7457.

**Coordinator Of Title IX Of The Education Amendments Of 1972:**

The person serving as Coordinator of Title IX of the Education Amendments of 1972 for student concerns is the Hingham Public Schools is Dr. Barbara Cataldo, Executive Director for Student Services Title IX “prohibits discrimination, exclusion from participation, and denial of benefits in education programs based on sex”. Anyone having questions or concerns about Title IX with respect to the Hingham Public Schools should contact Dr. Barbara Cataldo, Executive Director for Student Services at the School Department, 220 Central Street, Hingham, Massachusetts 02043. They can be reached by telephone at their office at (781) 741-1500 or by email at [svinnes@hinghamschools.org](mailto:svinnes@hinghamschools.org) or by fax at (781)

**Coordinator Of Section 504 Of The Rehabilitation Act Of 1973:**

The person serving as Coordinator of Section 504 of the Rehabilitation Act of 1973 for the Hingham Public Schools is Heather Rodriguez, Director of School Counseling Services for the Hingham Public Schools. Section 504 “prohibits discrimination, exclusion from participation, and denial of benefits based on disability.” Anyone having any questions or concerns about Section 504 with respect to the Hingham Public Schools should contact Ms. Rodriguez at Hingham High School, 17 Union Street, Hingham, Massachusetts 02043. She can be reached by telephone at her office at (781) 741-1565 or by email at [hrodriguez@hinghamschools.org](mailto:hrodriguez@hinghamschools.org) or by fax at (781) 741-1515

**School District Homeless Education Liaison:**

The person serving as School District Homeless Education Liaison for the Hingham Public Schools is Interim Interim Assistant Superintendent for Teaching and Learning, Mrs. Katie Roberts for Teaching and Learning, Mrs. Katie Roberts, Interim Assistant Superintendent for Teaching and Learning, Mrs. Katie Roberts. The McKinney-Vento Education Act for Homeless Children and Youth requires that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youth. Anyone having questions or concerns about the legal rights of homeless children or youth should contact Dr. Barbara Cataldo, Executive Director for Student Services Central Street, Hingham, Massachusetts 02043. They can be reached by telephone at their office at (781) 741-1500 or by email at [svinnes@hinghamschools.org](mailto:svinnes@hinghamschools.org) or by fax at (781) 749-7457.

**Title II, ADA Compliance Liaison:**

The person serving as the contact for concerns about school facilities and compliance with the Americans With Disabilities Act of 1990 is Aisha Nelson-Opping, Director of Business & Support Services. They can be reached by telephone at their his office at (781) 741-1500 or by email [aopping@hinghamschools.org](mailto:aopping@hinghamschools.org) or by fax at (781) 749-7457.

Grievance Procedure:

1. Any employee or student who believes that he or she has been discriminated against should contact in writing the appropriate coordinator as soon as possible, normally within thirty (30) days of the discrimination.
2. The Coordinator will meet with the person(s) to discuss the situation within seven (7) days of receiving the written complaint.
3. The Coordinator will have fourteen (14) days to respond to the grievance in writing.
4. If the grievance is not settled at this level, a representative from the Office of Civil Rights or the Department of Education will be contacted for remediation

**(E.) COMPUTER AND INTERNET ACCEPTABLE USE POLICY FOR STUDENTS:  
(Per HPS School Committee Policy)**

The HPS District will provide access for staff and students to the system/network, including access to external networks for educational purposes. Educational purposes are defined as classroom activities, career and professional development, the formation of learning networks over the web and high quality self-discovery activities of an educational nature. The purpose of the system/network is to assist in preparing students for success in life and work by providing access to a wide range of information and applications as well as the ability to communicate and collaborate with others. The system/network will be used to increase communication (staff, parent/guardian, and student), enhance productivity, and assist staff in upgrading existing skills and acquiring new skills through a broader exchange of information. The system/network will also be utilized to provide information to the community, including parents/guardians, government agencies, and businesses.

Policy Guidelines & Procedures for Internet/Technology Use:

The Hingham Public School system provides computers and technical equipment for the professional use of teachers, administrators, and other staff, and as educational aids for students. Use of any of the Hingham Public School District's computer systems is limited to school-related activities. Administration and classroom systems can be re-allocated at the discretion of the school administration or technology department without advance notice.

The Hingham Public School District makes no warranties of any kind, whether expressed or implied, for the computer services it is providing. Hingham Public Schools will not be responsible for any damages resulting from delays or service interruptions caused by its own negligence or its errors or omissions. Use of any information obtained via the Internet is at your own risk. Hingham Public Schools specifically denies any responsibility for the accuracy or quality of information obtained through its computer services.

The following set of technology policy guidelines applies to all users of Hingham Public Schools' computer systems. Use of District technology resources is a privilege, not a right. Use of these resources demands personal responsibility and an understanding of acceptable uses of the Internet. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of District technology resources may result in one or more of the following consequences:

- Suspension or cancellation of use or access privileges.
- Denial of future access.
- Payments for damages and/or repairs.

- Discipline under other applicable District policies, including suspension and termination.
- Civil or criminal liability under other applicable laws.

Users who violate policy guidelines will be subject to disciplinary procedures. The District will cooperate fully with local, state, or federal officials in any investigation related to any illegal activities conducted using the District's technology resources. These regulations may be amended and updated at the discretion of Hingham Public Schools' administration.

1. District computers, including installed software, hardware, and peripheral devices, are the property of Hingham Public Schools. Computer systems are to be used for school-related activities and are not to be removed from the premises without written permission from the District's Manager of Technology
2. The use of a user's personal electronic device (including, but not limited to, device classifications such as smartphones, computers, and tablets) on the school network or on the District's Internet connection subjects the user to the terms of this policy.
3. Users should not have any expectation of privacy with respect to personal data stored on Hingham Public Schools' computers. Electronic mail (E-mail) messages are considered public records and are therefore legally discoverable and subject to record retention. Users should not expect that electronic mail messages (even those marked "Personal") are private or confidential.
4. The Hingham Public School system may monitor electronic mail and Internet activities on the schools' computer systems for reasons including, but not limited to, the following:
  - a. System checks
  - b. Reviews of productivity
  - c. Investigations into claims of possible criminal activity
  - d. Investigations into inappropriate use of the District's internet connection
5. Use of the District's computer systems constitutes consent to monitoring of email transmissions and other online services, and is conditioned upon strict adherence to this policy.
6. The following activities are strictly prohibited:
  - a. Any illegal activity, including, but not limited to, the transmission of copyright or trade secret material, or the participation in any type of criminal activity.
  - b. Attempts to violate the computer security systems implemented by the Hingham Public Schools, Town of Hingham, or other institutions, organizations, companies, or individuals.
  - c. Accessing material that is inappropriate for school use, such as Internet sites promoting pornography, gambling, or hate.
  - d. Attempts to circumvent the Internet filtering capabilities of the Hingham Public Schools or the school system's Internet provider(s).
  - e. Plagiarism, or any reproduction of copyrighted material without explicit permission.
  - f. The use of profanity or inappropriate language in electronic mail.
  - g. Use of school computer systems for political or commercial purposes.
  - h. Using school computer systems to send unsolicited bulk e-mail (SPAM).
  - i. Developing or disseminating malicious software programs, such as computer viruses.

- j. Downloading, installing, or copying any commercial software, shareware, or freeware onto network drives or disks without written permission from the network administrator or the District's Technology Manager.
  - k. Misrepresentation of your identity by using another user's account or by masking your own identity.
7. No profane, abusive, or impolite language should be used to communicate, nor should materials be accessed which are not in line with the rules of school behavior. Should a user encounter such material by accident, the user should report it to an appropriate authority immediately.
8. In compliance with the Children's Internet Protection Act (CIPA), Hingham has installed filtering and/or blocking software to restrict access to Internet sites containing material harmful to minors. The software scans for objectionable words or concepts, as determined by the Hingham Public School District. Students and staff may not disable the District's filtering software at any time when students are using the Internet if such disabling will cease to protect students against access to inappropriate materials. Staff authorized by the District's Manager of Technology may temporarily or permanently unblock access to sites containing appropriate materials if the filtering software has inappropriately blocked access to such sites.
9. Staff must supervise student use of the District's Internet system in a manner that is appropriate to the students' ages and the circumstances of use. The following restrictions against inappropriate speech and messages apply to all speech communicated and accessed through the District technology resources, including all email, instant messages, Web pages, and Web logs:
  - Users shall not send obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful messages.
  - Users shall not post information that could cause damage, danger, or disruption, or engage in personal attacks, including prejudicial or discriminatory attacks.
  - Users shall not harass other persons, or knowingly or recklessly post false or defamatory information about a person or organization.
10. A user's home and personal Internet use can have an impact on the school and on other District users. If a user's personal Internet expression (such as sending a threatening message to another District user) creates, in the view of the principal or principal's designee, the likelihood of material disruption of the school's operations, that user may face school discipline and criminal penalties.
11. Hingham takes bullying and harassment by computer very seriously. No District user shall use any Internet or other communication device to intimidate, bully, harass, or embarrass other students or staff members. Users who engage in such activity on school grounds or who engage in such activity off campus and create a material disruption of school operations, in the view of the principal, shall be subject to penalties for bullying and harassment as contained in the student handbook, as well as possible criminal penalties.

In the event of an allegation that a student has violated this policy, the District will provide the user with notice and an opportunity to be heard in the manner set forth in the student handbook.

As the parent or guardian of this student, I have read the Hingham Public Schools' Computer and Internet Acceptable Use Policy for Students. I understand that school Internet access is designed for educational purposes and that the Hingham Public School District has taken precautions to eliminate controversial material. However, I also recognize it is impossible for the Hingham Public School District to restrict access to all controversial materials, and I will not hold them responsible for materials acquired on the network. I hereby give permission for my child to use the Hingham Public Schools' computer systems and certify that the information contained on this form is correct.

Acceptance of this agreement is noted on the school documentation form sent home upon enrollment.

**(F.) CORI FORMS:**

All school personnel and volunteers who have unmonitored time with students must complete a Criminal Offender Record Information (CORI) form. The form can be obtained from the main office and must be submitted in person with a copy of an appropriate identification. The process must be completed every three years and all information obtained is confidential.

**(G.) CYCLING/ROLLERBLADING/SKATEBOARDING:**

Parents are in the best position to determine the ability of their child to ride a bicycle to school. A helmet is required, and a bicycle lock is suggested. It is a town ordinance that bicycles be registered with the police. Parents/guardians should make arrangements in the event of inclement weather at dismissal. Rollerblading and skateboarding are not allowed on school property.

**(H.) STUDENT DISCIPLINE: (Per HPS School Committee Policy)**

Students will conduct themselves in an orderly, respectful, and courteous manner. They shall act and comply with rules set forth in the [HPS Code of Discipline](#) and their school's Student Handbook and shall defer to the authority of staff who have responsibility for them. It is the position of the Hingham School Committee that every teacher has a right to teach without disruption and every student has a right to learn without disruption.

Consequences for lack of compliance with school rules will begin with restorative practices for behavior and conflict resolution as well as positive behavior interventions (PBIS). If these practices don't work, other actions may include admonition, reprimand, in-school suspensions, or short or long term exclusions from school or expulsion. Progressive discipline decisions shall be the responsibility of each principal, or the principal's designee, and will be guided by the [HPS Code of Discipline](#), the individual school handbooks, Massachusetts General laws, and MA DESE Regulations for implementing M.G.L. Chapter 222 of the Acts of 2012, and implemented according to HPS Procedures under 6.13A. In the case of expulsion, Procedures are according to the [HPS Code of Discipline](#). For serious violations other than those under Chapter 71, Section 37H and 37H 1/2, a student may be expelled only by the School Committee upon recommendation of the Superintendent (see [HPS Code of Discipline](#)). Staff will be expected to review the expectations and classroom rules that align with overarching school expectations.

M.G.L. Chapter 71, Sections 37H and 37H1/2 give school principals the authority to expel students for possession of a weapon or controlled substance on school property, for assault of a

staff member, or as a result of being charged with a felony. M.G.L. Chapter 71, Section 37H3/4 establishes notification provisions for suspensions and hearings, including the right to appeal to the Superintendent, as available under procedure 6.13A.

According to M.G.L. C.71, S84, no student shall be suspended, expelled or otherwise disciplined on account of marriage, pregnancy, parenthood, or for conduct which is not connected with any school sponsored activities, provided, however, that in the case of a pregnant student, the School Committee may require that the student be under the supervision of a physician.

The authority of the staff to maintain discipline shall not include the right to inflict corporal punishment on any student. This policy shall not preclude any member of the staff from using such reasonable force as is necessary to protect students and other persons from an assault by a student. If an assault does occur, the principal shall file a detailed report with the Superintendent.

M.G.L. C.76,S17; M.G.L. C.71,S37G; M.G.L. C.71,37H,37H1/2, 37H3/4; M.G.L. C.71,S84; M.G.L. Chapter 222 of the Acts of 2012

**Bullying & Harassment: (Per HPS School Committee Policy JICB)**

Students and all staff are to maintain an environment free of harassment of any kind, including but not limited to harassment based upon race, color, sex, gender identity, religion, national origin, sexual orientation, disability, homeless status for students, physical and intellectual differences, pregnancy or pregnancy related condition, veteran status or foster care status. Students and staff are to treat one another with courtesy and respect at all times.

Bullying is defined as the repeated use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (i) causes physical or emotional harm to the target or damage to the target's property; (ii) places the target in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the target; (iv) infringes on the rights of the target at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. Bullying shall include cyber-bullying. In accordance with Massachusetts law, Hingham Public Schools and the six schools designed and implemented a bullying prevention and intervention plan which can be found on the website.

Bullying shall include cyber-bullying. Cyber-bullying is defined as "bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, or a photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications."

Cyber-bullying also includes the creation of a web page or blog in which the creator assumes the identity of another person or knowingly impersonates another person as author of posted content or messages, if the creation or

impersonation creates any of the conditions enumerated in the definition of bullying. Additionally, cyber-bullying includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

As required by M.G.L. c. 71B section 3, whenever the evaluation of the Individualized Education Program team indicates that the child has a disability that affects social skills development or that the child is vulnerable to bullying, harassment or teasing because of the child's disability, the Individualized Education Program shall address the skills and proficiencies needed to avoid and respond to bullying, harassment or teasing. Neither a skill deficit nor the existence of an IEP or 504 plan will be used as either a justification for bullying or as a rationale for reduced consequences for aggressors.

Reports of bullying can be made either orally or in writing. Anyone who believes someone is being bullied is obligated to notify a member of the school staff or fill out an incident reporting form which can be found in the school offices. Anonymous reports may be made via the anonymous reporting form found on our website. Any student who knowingly makes a false accusation of bullying shall be subject to disciplinary action. Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses, or has reliable information about bullying is prohibited.

Harassment includes but is not limited to such things as threats, unsolicited remarks, gestures, physical contact, or the display or circulation of written materials or pictures derogatory to gender, racial, ethnic, religious, age or handicap groups.

The Hingham Public Schools has adopted the Steps to Respect program to teach children how to identify and handle bullying behavior. The program uses the 3R's of Bullying: Recognize, Refuse and Report. Bullying behavior is defined as unfair and one-sided. It happens when someone keeps hurting, threatening, frightening or leaving someone out on purpose. This is different from a peer conflict that is two sided. Other problems with behavior are addressed through the Hingham Code of Discipline, such as peer conflicts or one-time mean or hurtful behaviors. After identifying bullying, students are taught to assess safety and decide whether to refuse (respond) by standing up to the person bullying and/or by supporting the person being bullied. Next, the students are taught to report bullying behavior to an adult.

Additional information on the bullying policy is located in the office and on the website. Those in a bullying report are notified. The principal or designee will investigate the report and make a determination of what action should be taken and initiate an appropriate response to protect the target of the bullying behavior (safety plan) and to address the bullying behavior.

In grade K-3, the Second-Step violence prevention program is used. This program uses a problem solving approach to resolve conflicts.

**Due Process:**

Parents of students wishing to express a concern or to appeal a decision made by school personnel may do so by contacting building administration in writing or contact the school administrative assistant to schedule a meeting with building administration. All concerns or appeals will be addressed in a timely manner.

A student's right to due process means that the rules are applied fairly and that the student has notice of the charged violation of school rules and an opportunity to explain themselves. Some of the steps in affording procedural due process will vary in degree of formality according to the degree of the disciplinary sanction which might be imposed.

**Notice of Suspension:**

Except for emergency removal or an in-school suspension of less than ten (10) days, the Principal must provide the student and the parent/guardian oral and written notice, and provide the student an opportunity for a hearing and the parent/guardian an opportunity to participate in such hearing before imposing suspension as a consequence for misconduct. The Principal shall provide both oral and written notice to student and parent/guardian in English and in the primary language of the home if other than English. The notice shall include the rights enumerated in law and regulation. To conduct a hearing without a parent/guardian present, the Principal must be able to document reasonable efforts to include the parent/guardian.

**Short Term Suspension:**

Prior to the imposition of any disciplinary sanction that may result in a student's suspension from school for ten (10) consecutive school days or less, (other than those suspensions under M.G.L. c. §§ 37H and 37H 1/2) the student will be given oral notice of the offense with which they are charged and an opportunity to respond. The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the Principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the Principal should consider in determining whether other remedies and consequences may be appropriate as set forth in law and regulation. The Principal shall provide the parent/guardian, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student. The Principal shall, based on the available information, including mitigating circumstances, determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

The Principal shall notify the student and parent/guardian of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal, as required by law and regulation. The

determination shall be in writing and may be in the form of an update to the original written notice.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension, before the suspension takes effect. In the event the Principal determines that the student will be suspended from school, the student and parent/guardian will receive notification by telephone (or in person) and in writing. The notice will include the rights enumerated in the law and regulation. To conduct a hearing without the parent/guardian present, the principal must be able to document reasonable efforts to include the parent/guardian. The student will have the opportunity to make up assignments, tests, papers, and other school work as needed to make continued academic progress.

**Emergency Removal:**

The Principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Principal's judgment, there is no alternative available to alleviate the danger or disruption. The Principal shall immediately notify the Superintendent in writing of the removal including a description of the danger presented by the student.

The emergency removal shall not exceed two (2) school days following the day of the emergency removal, during which time the Principal shall: make immediate and reasonable efforts to orally notify the student and the student's parent/guardian of the emergency removal, the reason for the need for emergency removal, and the other matters required in the notice as referenced in the applicable regulation; provide written notice to the student and parent/guardian as required above; provide the student an opportunity for a hearing with the Principal that complies with applicable regulations, and the parent/guardian an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the Principal, student, and parent/guardian; render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of applicable law and regulation.

The Principal shall also ensure adequate provisions have been made for the student's safety and transportation prior to removal.

**Expedited Evaluation Process:**

If prior to the disciplinary action, the district had knowledge that the student may be a student with a disability, then the district makes all protections available to the student until and unless the student is subsequently determined not to be eligible.

If the district has no reason to consider the student disabled, and the parent requests an evaluation subsequent to the disciplinary action, the district must have procedures consistent with federal requirements to conduct an expedited evaluation to determine eligibility. If the student is found eligible, then they receive all procedural protections subsequent to the finding of eligibility.

**Long Term Suspension:**

The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

At a minimum, in addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following rights: in advance of the hearing, the opportunity to review the student's record and the documents upon which the Principal may rely in making a determination to suspend the student or not; the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's/guardian's expense; the right to produce witnesses on their behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; the right to cross-examine witnesses presented by the HPS District; the right to request that the hearing be recorded by the Principal, and to receive a copy of the audio recording upon request. If the student or parent/guardian requests an audio recording, the Principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent/guardian upon request.

The Principal shall provide the parent/guardian, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student. The Principal shall, based on the evidence, determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension as required by law and regulation, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The Principal shall send the written determination to the student and parent/guardian by hand-delivery, certified mail, first-class mail, or email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the Principal and the parent/guardian.

If the Principal decides to suspend the student, the written determination shall: identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing; set out the key facts and conclusions reached by the Principal; identify the length and effective date of the suspension, as well as a date of return to school; include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school as required by law and regulation; inform the student of the right to appeal the Principal's decision to the Superintendent or designee, but only if the Principal has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English, or other means of communication where appropriate, and shall include the process for appealing the decision including; that the student or parent/guardian must file a written notice of appeal with the Superintendent within five (5) calendar days of the effective date of the long-term suspension (within the same five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days); and that the long-term suspension will remain in effect

unless and until the Superintendent decides to reverse the Principal's determination on appeal.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension before the suspension takes effect.

**Due Process for Students with Disabilities:**

Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. The regulations in 603, CMR 28.00 pursuant to MGL c.69 Section 1B and Chapter 71B, Section 3 require that additional provisions be made for students who have been found eligible for special education by an evaluation TEAM. The following are these additional requirements:

- The IEP for each student with special education needs will indicate if the student's disability requires a modification of the discipline code.
- The Principal must notify the Executive Director of Student Services in writing within one school working day of the suspendable offense of any special needs student whose IEP does not reflect the need for modifications of the regular education discipline code. A record must be kept of such notices.

Prior to the imposition of any disciplinary sanction that would result in a change in placement; the student's Team will meet to determine whether the student's conduct was a manifestation of the student's disability. If the Team determines that the conduct was a manifestation of the student's disability shall review any existing behavior plan or, if no such behavior plan exists, conduct a functional behavioral assessment. In many cases, a student with a disability will be entitled to services identified by the student's Team as necessary to provide the student with a free appropriate public education during periods of disciplinary exclusion exceeding ten (10) school days in a given year. For additional information regarding the rights of students with disabilities in the context of school discipline please contact the building principal.

Due process for students with disabilities will also adhere to the following procedures:

- Free and Appropriate Public Education, (FAPE): Hingham Public Schools is responsible for providing FAPE to all of its students. A student may not be suspended for more than ten cumulative school days without the provision of FAPE.
- Manifestation Determination: The TEAM must consider whether appropriate services were in place and whether the behavior was a manifestation of the student's disability.
- Functional Behavioral Assessment/Behavioral Intervention Plan: A FBA must be completed ten business days after the removal that will result in the 11th day of suspension; the BIP must be completed as soon as possible following the FBA.

The goal of a functional behavioral assessment is to understand why a student misbehaves. What does the TEAM feel is the function of the behavior: attention? Sensory input? What behaviors could be chosen to try and redirect the student? The Behavioral Intervention Plan should include instructions on how to replace problem behavior with replacement behavior.

- Alternative Educational Setting, AES: In cases of a dangerous weapon or drugs, the principal may place a student in an alternative educational placement for up to 45 days. The Principal and the Director of Student Services work with the TEAM to determine this placement.
- “Stay-put” provision: Parents may request a due process hearing which invokes “stay-put”, freezing the placement during the pending expedited hearing.

#### Memorandum of Understanding:

This Memorandum of Understanding is established between the Hingham Public Schools and the Hingham Police Department regarding the establishment of a protocol for the reporting and coordination of responses to incidents of violence or other illegal activity within Hingham Public Schools. The Hingham Public Schools and the Hingham Police Department agree to coordinate their responses to violence or other illegal activity by students and non-students which occur on school premises or at school-sponsored or school-related events. Through collaboration the two departments can ensure safe and secure school and community environments designed to maximize effective teaching and learning

To ensure a safe educational environment, this collaborative effort between school administration and law enforcement supports “zero tolerance” for drugs, alcohol, weapons, hate crimes, and violence within and on the grounds of the Hingham Public Schools. Non-students involved in such acts on school premises or at school events are to be reported in the same manner as Hingham students are reported. Nonstudents include, but are not limited to, administrators, teachers, professional staff, support staff, clerical and custodial staff, security personnel, bus drivers, visitors, and trespassers.

This Memorandum of Understanding is not intended to usurp the discretion of the Hingham Public Schools in administering its disciplinary code and resolving in-house student misconduct which does not rise to the level of a criminal violation or fall within a statutory reporting requirement.

Copies of the Memorandum of Understanding are available in the school office. It is also available on the website under “Administration/Superintendent’s Office.”

#### Physical Restraint Policy: (Per HPS School Committee Policy)

Hingham Public Schools’ students may, in rare circumstances, require physical restraint when non-physical interventions would not be as effective and the student’s behavior poses a threat of imminent, serious physical harm to self and/or others. Such physical restraint should be limited to the use of such reasonable force as necessary to protect a student or another member of the school community from assault or imminent, serious

physical harm. Such incidents of restraint must be reported to an administrator and a report filed.

### Student Behavior

The town-wide Discipline Code is available online. Individual classrooms and learning spaces may develop rules and expectations and best allow for a productive learning environment and ensure student achievement. Staff will review these practices and remind students of the consequences for misbehavior which reflect restorative practices and PBIS. Communication related to repeated or continued student behavior remediation is an expectation of staff and administration. Parents/caregivers will be asked to acknowledge their review of these procedures yearly.

### Discipline of Students with Disabilities

The disciplining of students with disabilities is governed by federal and state laws and the regulations promulgated thereunder. These laws include the Individuals with Disabilities Education ACT (2004), Section 504 of the Rehabilitation Act of 1973, and Massachusetts General Laws (Ch. 69-78A).

Students with IEPs or 504 plans who violate school rules are subject to removal from their current placement for up to ten (10) consecutive school days, to the extent that such a removal would be applied to students without disabilities, without a prior determination as to whether the misconduct is related to the student's disability. For any suspension or change in placement that exceeds 10 days, in addition to educational services, students must receive, as appropriate, a functional behavior assessment, behavioral intervention services, and modifications that are designed to address the behavior violation.

For infractions related to the carrying of a weapon, or the possession, use, sale, or solicitation of drugs or controlled substance on school property or at a school event, school personnel may order a change in the placement of a student with an IEP or 504 plan to an interim alternative school setting for not more than forty-five school days. For additional information on, or clarification of, the details of these regulations, you may contact the Director of Student Services (781-741-1500).

### **(I.) DRESS CODE: (Per HPS School Committee Policy)**

In accordance with Massachusetts State Law, there is an expectation that students dress in keeping with reasonable standards of safety, health, and cleanliness so as not to detract from the educational process. We expect students to dress in a manner that is appropriate for school, a place of work, and study.

Hats are not permitted to be worn in the building, except on special school spirit days. Children must have sneakers for physical education classes, plus appropriate clothing for physical activities. For safety reasons, flip-flops are discouraged from being worn to school.

Children should be properly equipped for both warm and cold weather conditions. Layered clothing usually works well. Since the youngsters need a fresh air break every day, they should be dressed accordingly. We do go out in the snow, so hats, gloves, snow pants, and boots are essential for students to play in the snow.

## **(J.) EDUCATIONAL OPPORTUNITIES FOR CHILDREN IN FOSTER CARE:**

Hingham Public Schools ensures the educational stability of students in foster care and their equal access to the same free and appropriate public education through high school graduation as provided to other students as required by law. The Hingham School Committee is committed to supporting district and community efforts to ensure that students in foster care have access to high-quality, stable educational experiences.

Foster care students continue to attend their school of origin unless after a collaborative decision-making process it is determined to be in the student's best interest to enroll in and attend school in the district in which a foster care provider or facility is located (if different). When it is not in the student's best interest to remain in the school of origin, the student may be immediately enrolled (and attend) the new school district, even if records normally required for enrollment cannot be quickly produced. Hingham Public Schools has designated the Interim Assistant Superintendent for Teaching and Learning, Mrs. Katie Roberts of Schools as the district's Foster Care point of contact to ensure collaboration with DCF and the provision of transportation to the student's school of origin, if needed. See Procedure 6.3B

LEGAL REFS: Every Student Succeeds Act (ESSA); Fostering Connections to Success and Increasing Adoptions Act of 2008 (Fostering Connections Act)

### **6.3B PROCEDURE**

#### **EDUCATIONAL OPPORTUNITIES FOR CHILDREN IN FOSTER CARE (REGULATIONS)**

##### Best Interest Determination

Decisions about whether a student in foster care should continue to attend the school of origin should be made collaboratively by DCF, the student (as appropriate), the student's family and/or foster family (and if different, the person authorized to make educational decisions on behalf of the student), the school and district of origin, and (when different) the local district where the student is placed. Best interest determinations should focus on the needs of each individual student and take into account a variety of factors. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care. However, if there is disagreement regarding school placement for a student in foster care, DCF will finalize the best interest determination.

Hingham Public Schools may seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by DESE and DCF. Decisions made through this process are not subject to review. Under the law, to promote educational stability, students should continue to attend their schools of origin while best interest determinations are being made.

##### Transportation

The district of origin must collaborate with DCF on how transportation will be provided and arranged to ensure that students in foster care who need transportation to remain in their school of origin will receive such transportation while they are in foster care. Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, seeking help from foster parent(s), etc. Absent other agreements between the district

and DCF, the district of origin is responsible for providing transportation to and from the school of origin.

### Immediate Enrollment

If it is in the best interest of a student in foster care to leave the school of origin, the student must be enrolled in school in the local school district immediately. To minimize disruption of the student's education, the law requires the district to enroll the student in a new school without delay, without waiting to receive the typical student enrollment documentation (other than emergency contact information). The enrolling school must immediately contact the child's school and district of origin to obtain the relevant records and documentation, and the school and district of origin should immediately transfer those records.

To facilitate enrollment, DCF representatives will present the district with a form that indicates that the student is in foster care, along with their state-agency identification badge, when enrolling students.

### **(K.) EDUCATIONAL OPPORTUNITIES FOR MILITARY CHILDREN:**

In an effort to facilitate the placement, enrollment, graduation, data collection and provision of special services for students transferring into or out of the District because of their parents being on active duty in the U.S. Armed Services, Hingham Public Schools supports and will implement its responsibilities as outlined in the Interstate Compact on Educational Opportunity for Military Children. The Hingham School Committee believes it is appropriate to remove barriers to educational success imposed on children of military families because of their parents' frequent moves and deployment. See Procedure 6.3C

LEGAL REFS: Interstate Compact on Educational Opportunity for Military Children

#### 6.3C PROCEDURE

#### EDUCATIONAL OPPORTUNITIES FOR MILITARY CHILDREN (REGULATIONS).

#### Definitions:

Children of military families means school aged children, enrolled in kindergarten through 12th grade (including IDEA eligible students aged 3-22), in the household of an active duty member of the uniformed service of the United States, including members of the National Guard and Reserve serving on active duty.

Deployment means the period one month before the service members' departure from their home station on military orders through six months after return to their home station.

Education(al) records means official records, files, and data directly related to a student and maintained by the school including, but not limited to, records encompassing all the material kept in the student's cumulative folder.

The requirements, applicable to eligible students, which must be fulfilled, are listed below. Eligible students are those who are children of active duty personnel, active duty personnel or veterans who have been severely injured and medically discharged, and active duty personnel who die on active duty within one year of service. Students are not eligible for the provisions of the Compact if they are children of inactive Guard or Reserves, retired personnel, veterans not

included above or U.S. Department of Defense personnel and other federal civil service employees and contract employees.

Hingham Public School's responsibilities to eligible children include the following:

- Sending schools must send either official or unofficial records with the moving students and District receiving schools must use those records for immediate enrollment and educational placement.
- Simultaneously, the receiving school must request official records and the sending schools shall respond within 10 school/working days with the records.
- Immunization requirements of the District may be met within 30 days from the date of enrollment (or be in progress).
- Receiving schools must honor placement of students in all courses from the sending school. These include, but are not limited to, Honors, International Baccalaureate, Advanced Placement, vocational-technical, and career pathway courses if those courses are offered in the receiving school.
- In compliance with federal law, special education students must be placed by the existing IEP with reasonable accommodations in the receiving school.
- The District will exercise, as deemed appropriate, the right to waive prerequisites for all courses and programs, while also maintaining its right to re-evaluate the student to ensure continued enrollment, as deemed appropriate.
- Students of active duty personnel shall have additional excused absences at the discretion of the building principal for visitations relative to leave or deployment.
- An eligible student living with a noncustodial parent or other person standing in loco parentis shall be permitted to attend the school in which he or she was enrolled while living without the custodial parent without any tuition fee imposed.
- Hingham High School will accept exit or end-of-year exams required from the sending state, national norm-referenced tests, or alternate testing instead of testing requirements for graduation in the District (receiving state.) If this is not possible, the alternative provision of the Interstate Compact shall be followed in order to facilitate the on-time graduation of the student in accordance with Compact provisions.

**(L.) EDUCATIONAL TRIPS: (Per HPS School Committee Policy)**

Field trips can bring the school and the community closer together, which can result in real life experiences that enrich the curriculum for students and also bring about better public relations. The School Committee will also encourage field trips as an integral part of the instructional programs in the schools. A student's participation in scheduled educational field trips shall not be restricted on the basis of disability or other health-related concern.

The Superintendent will establish regulations to assure that:

1. All students under 18 have permission from a parent/guardian for trips.
2. All trips are properly supervised.
3. All safety precautions are observed.
4. All trips contribute substantially to the educational program.
5. All trips allow student access without regard to ability to pay.

All out-of-state or extended (overnight) trips and excursions, except those required for student participation in tournament competition or contests, must have advance approval of the Committee. Fundraising activities for such trips will be subject to approval by the appropriate Administrator.

**(M.) ELECTRONIC EQUIPMENT:**

The use of electronic equipment that can include devices that can make or receive phone calls or text messages, such as cell phones, smart watches, etc. in school is not permitted as it can interrupt instruction or interaction with peers. Devices that are used solely for reading are allowed. All other devices should be off and in the backpacks.

**(N.) EMERGENCY INFORMATION:**

**Automated Emergency Phone System:**

The School Department service is used to alert parents to public safety issues including emergency school closings. This system is not used for routine school announcements nor is it used for regular early-morning, weather-related school closings. The home phone number, the parent cell phone number, and the parent work phone number listed under the first parent contact on our student information file are the numbers used in the system. When activated, this automated system will call all three numbers, but it is not able to dial telephone extensions.

**Contingency Plan:**

Hingham has a town-wide multi-hazard evacuation plan in place. Should there be a need to dismiss all students early, parents need to have a contingency plan and at least one back-up plan for children in case you are not home. Expect that students would be dismissed and follow the usual routines. Buses would run their normal routes and walkers would walk. Please complete this form annually, and review with your child throughout the year. Copies of the personal contingency plans are maintained in the office and classrooms.

**Emergency School Evacuation:**

The Hingham Public Schools has a plan which describes the general guidelines and procedures for emergency evacuation. Fire exit protocols in each building describe exit routes from the building and the details of teacher and staff responsibility for supervision and student accountability. Each incident or event prompting a school evacuation will be treated as a unique circumstance but the guidelines below indicate the likely course of action.

- A. General Guidelines: There are times when relocating to another part of a building, or temporarily outside, may be the best option. Factors such as the nature of an incident, time of year, and time of day can influence the details of an evacuation plan for a particular building. Early dismissal is an option for the high school, but it is a last resort for elementary and middle schools due to parents not being at home to receive students.
- B. Evacuation Guidelines for Single-Building Evacuation (such as for fire or problems with heat, power, or plumbing): This decision would be made by the principal in consultation with Central Office. Elementary students would be relocated by bus to another school building for the remainder of the school day. Dismissal would be at the normal time and by regular bus routes, with walkers bused back to their school. Notice would be given on cable and website, and a

note or email explaining the situation would accompany students home at the end of the day.

- C. System-Wide Evacuation (such as for storms or another local incident):  
This decision would be made at Central Office. High school students would be released early with area buses available. Middle school students would be dismissed after the high school, and using regular bus routes, as soon as a sufficient number of drivers have been recalled. Elementary students would remain at school until as close to dismissal time as is safely possible. Public (cable and website) announcements would be supplemented by phone calls or email.
- D. System-Wide Evacuation (for an eventuality that is regional, such as a terrorist threat, power plant incident, etc.):  
This decision would likely be made by someone other than school personnel. At this time, our only alternatives would be to hold students in place until regular dismissal time (or later if needed), or to dismiss all students early using the normal dismissal routines (total anticipated time after notification is 1 hr. 45 min. to 2 hrs., plus time needed to locate drivers if the incident were in the middle of the day). Public announcements would be made and notification of working elementary parents would be attempted.

There are concerns, however, about whether or not parents could get home to receive students. We need to stress to parents the importance of having their own neighborhood contingency plans, with backup plans for child care/supervision. It is important that parents discuss and review such plans with children.

We do not have the bus capacity to relocate all students simultaneously, and we have not had identified for us alternate sites for any mass evacuation out of town. We are not included in the district for the Plymouth Power Plant evacuation plan.

**School Cancellation/Delayed Opening/Early Release:**

The decision as to whether or not the schools will be closed is made by the superintendent of schools after consultation with the superintendent of the highway department and other town officials. The decision is based on the practical considerations of safe transportation of students and walkers. In the event of unusually severe weather or other special circumstances which might prevent the opening or delay of school, the following procedures have been established.

School cancellation announcements will be broadcast on the following radio and TV stations:

- WRKO (680 AM)
- WBZ (1030 AM)
- WBUR (90.9 FM)
- Channel 4 - CBS
- Channel 5 - ABC
- Channel 7 - NBC
- Channel 25 - Fox
- Channel 56 - CW

School cancellation can also be found on the following websites and apps:

- Channel 4: [www.wbzt.com](http://www.wbzt.com), mobile app, or sign up for text alerts at [boston.cbslocal.com/school-closings-text-message-registration/](http://boston.cbslocal.com/school-closings-text-message-registration/)
- Channel 5: [www.wcvb.com](http://www.wcvb.com), mobile news app, or sign up for email notifications at [wcvb.com/weather/closingsignup](http://wcvb.com/weather/closingsignup)
- Channel 7: [www.whdh.com](http://www.whdh.com), mobile weather app, or for notification by cell phone, sign up at [www.whdh.com](http://www.whdh.com) and click on “Closing Alerts”
- Channel 25: [www.myfoxboston.com](http://www.myfoxboston.com), or to receive email or text alerts, sign up at [myfoxboston.com/link/596238/school-closings-text-alerts](http://myfoxboston.com/link/596238/school-closings-text-alerts)

In the event that children need to be released from school early, your personal school emergency contingency plan will be in effect. Please refer to the above radio and TV stations for information regarding early closings due to weather or special circumstances.

**Please note: It will be a rare occurrence that children are released early from school due to weather because of the child care problems that it would create.**

### **(O.) HARASSMENT:**

Harassment of students by other students, employees, vendors and other third parties will not be tolerated in the Hingham Public Schools. The alleged harassment must involve conduct that occurred within the school’s own program or activity, such as whether the harassment occurred at a location or under circumstances where the school owned, or substantially controlled the premises, exercised oversight, supervision or discipline over the location or participants, or funded, sponsored, promoted or endorsed the event where the alleged harassment occurred, against a person in the United States. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school sponsored activities.

Harassment prohibited by the District includes, but is not limited to, harassment on the basis race, color, sex, sexual orientation, gender identity, religion, disability, age, genetic information, active military/veteran status, marital status, familial status, pregnancy, or pregnancy-related condition, homelessness, foster care status, ancestry, ethnic background, national origin, or any other category protected by state or federal law. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion pursuant to disciplinary codes. Employees who have been found to violate this policy will be subject to discipline up to and including, termination of employment, subject to contractual disciplinary obligations.

Employee-to-Student Harassment means conduct of a written, verbal or physical nature that is designed to embarrass distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student’s education or of a student’s participation in school programs or activities; or
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student.

Student- to-Student Harassment means conduct of a written, verbal, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students, when:

- Such conduct has the purpose or effect of unreasonably interfering with a student’s performance or creating an intimidating or hostile learning environment.

Harassment as described above may include, but is not limited to:

- Written, verbal, or physical (including texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

By law, what constitutes harassment is determined from the perspective of a reasonable person with the characteristic on which the harassment is based. Individuals should consider how their words and actions might reasonably be viewed by others.

The District will promptly and reasonably investigate allegations of harassment through designation of Title IX Coordinator or building based employees, who may include principals or their designees. The superintendent will recommend, in consultation with the principals, opportunities to the designated recipients for appropriate training. Where it is determined that discrimination or harassment has occurred, the District will act promptly to eliminate the conduct and will impose developmentally appropriate disciplinary, restorative and/or corrective action.

The District will respond promptly and reasonably investigate allegations of sexual harassment through designation of the Title IX Coordinator or building based employees to any reports or complaints of discrimination, including harassment and retaliation, or other violations of civil rights, pursuant to our detailed response protocol. Where it is determined that discrimination or harassment has occurred, the District will act promptly to eliminate the conduct and will impose developmentally- appropriate disciplinary, restorative, and/or corrective action.

### **(P.) HEALTH SERVICES:**

The Hingham Public School (HPS) nurses are committed to providing all students with a healthy, safe and supportive learning environment. The nurses promote the physical and social emotional health and well being of all students through the provision of health services which may include: the identification and planning for care of students with individual health care needs; the performance of mandated health screenings, communicable disease prevention and control; emergency care of students, staff or faculty who are ill or injured; health counseling and education; and promotion of a safe and healthy school environment. The District recognizes that parents/guardians have the primary responsibility for the health of their child/children. Parents should inform their school nurse of any change or potential problem in the health of their child/children. Strong communication between the school nurse, parents/guardians and primary care providers is essential.

### **Mandated School Screenings:**

Massachusetts State law mandates regular health screenings be completed at school to identify potential barriers that may interfere with student success and make appropriate referrals for assessments and treatment. Mandated screenings do not take the place of regular primary care provider examinations. These screenings in elementary school include: vision screening for grades K-5, hearing screenings for grades K-3, postural screening in grade 5, and BMI (Body Mass Index) for grades 1 and 4. Parents/guardians may opt their child/children out of any of the screenings with written notice to the nurse.

**Illness/Injury During School:**

In case of illness, injury or emergency, the parent/guardian will be notified by the school nurse or other staff member. Parents/guardians MUST provide the school with emergency contact information in case they cannot be reached. It is imperative to keep this information up to date. Students who do not feel well enough to attend class must report to the Health Office for evaluation. The nurse will determine if the student will be sent back to class, monitored in the health office, dismissed from school, or referred for emergency medical intervention. Students dismissed with a fever (100 F or greater) must be fever-free for 24 hours without the use of fever-reducing medication (e.g, Tylenol, NSAIDS) before returning to school.

**Please note that current COVID 19 protocols may differ from this information regarding fever and illness and will be discussed with parents/guardians at that time.**

A physician's order is required for the use of crutches, splints, braces or other assistive devices. The order must specify any restrictions and note the estimated time of use.

**Illness & Communicable Diseases:**

The HPS nurses work in collaboration with the Hingham Board of Health when there is an identified contagious illness involving a student. The Hingham Board of Health will determine the quarantine, isolation and notification requirements on a case by case basis. The Massachusetts Department of Public Health Isolation and Quarantine Regulations mandates exclusion from school for contagious diseases.

<https://www.mass.gov/regulations/105-CMR-30000-reportable-diseases-surveillance-and-isolation-and-quarantine>

The Hingham Public Schools will follow most current guidance offered by the Massachusetts Department of Public Health in regards to COVID-19. Principals will ensure that families will receive information on any changes to the guidelines.

If your child has a communicable disease, please notify the school nurse. Students may return to school as follows:

- Chicken Pox– 7 days from appearance of first eruption, lesions crusted and fever free for at least 24 hours.
- Impetigo - 24 hours after medical treatment has begun, lesions should be covered in school.
- Head Lice - Remember to check your child's head frequently for head lice, as they can be a common occurrence in young children. Please refer to the Hingham Public Schools (HPS) website, for the HPS head lice guidelines and parent information.

School health policy, regarding school attendance, asks that you please keep your child home if they:

- Has **ANY** signs or symptoms of COVID 19
- Has had a fever, vomiting or diarrhea within the past 24 hours
- Has been dismissed from school due to fever, vomiting or diarrhea. The student may not return to school the next day.
- Is being treated for a contagious illness (such as strep throat, the flu, bronchitis) and the student must remain at home until on antibiotics for a full 24 hours.

Please inform the school nurse of potential problems or changes in health status such as:

- Update of immunizations
- Illness or injury requiring prolonged absence

- Surgery
- Injury requiring crutches or wheelchair; health care provider note for elevator use is required
- Splints or casts
- Treatments requested by physician
- Change in activity status
- Emotional concerns

### **Physical Examinations and Immunizations:**

School nurses are required to keep an immunization and health record for each student enrolled in the district. Physical examinations are required for new students registering at all schools and this exam must have been completed within one year of school entry.

Documentation of a physical exam with updated immunizations is required for students entering Grades K and 4. See Massachusetts State Law Physical Examination of children: <https://www.mass.gov/regulations/105-CMR-20000-physical-examination-of-school-children>

All students attending school are required to be immunized according to Massachusetts State Law:

<https://www.mass.gov/regulations/105-CMR-22000-immunization-of-students-before-admission-to-school>

Parents/guardians will be notified if their child/children do not have the required immunizations for school. Medical and religious immunization exemption waivers must be submitted to the Health Office annually. *Note: When a case of a vaccine-preventable disease emerges in the school setting, susceptible individuals who are not vaccinated (including those with medical or religious exemptions) may need to be excluded as per Reportable Diseases, Surveillance and Isolation & Quarantine Requirements.*

### **Medication At School:**

The delivery of medication at school is regulated by the Department of Public Health and has specific guidelines in place for the health, safety and confidentiality of all students. Any student taking medication in school on a regular basis must have a new permission form signed by the parent/guardian and the prescribing physician every school year. Medication must be provided to the school nurse in a pharmacy or manufacturer labeled container. **When getting the original prescription at the pharmacy, please ask for a second container with all the prescribing information attached so medication can be left at school.**

No student is permitted to bring medications to school or carry medication in school with the exception of an inhaler, epinephrine auto injector, insulin, diabetes supplies or if wearing an insulin delivery system (pump).

The first dose of any medication will not be administered by the school nurse due to the possibility that an adverse event may occur.

Short-term medication (10 days or less), prescription or non-prescription, will only be given if the proper permission forms are signed and dated by a parent and physician if necessary. Parents/Guardians should contact their school nurse to discuss the scheduling of medication or any health issue pertaining to the student. All medication forms can be found on the Hingham Public Schools web page under health services.

### **Allergies or Chronic Health Care Issue:**

If a student has ANY type of allergy including food allergy or other chronic health issue, please contact your school nurse to plan appropriate responses. Students with life threatening

allergies or other chronic medical conditions may be eligible for a Medical 504 Plan after evaluation and an eligibility determination.

Please visit our Health Services Webpage for nurse contact information and more detailed health/wellness information and forms.

<https://hinghamschools.org/academic-programs/nursing/>

**School Activities and Celebrations with Food: (Per HPS School Committee Policy)**

In accordance with School activities and celebrations that include food will be limited to specific curriculum based activities and special seasonal celebrations.

**(Q.) HOMELESS STUDENTS: (Per HPS School Committee Policy)**

The Hingham Public School District has adopted the definition of homeless children and youth as found in Section 725 (2) of the federal McKinney-Vento Homeless Education Act (2002 reauthorization). A student determined to be homeless will be enrolled immediately in the school of the district in which they are temporarily residing or be provided with transportation if they choose to remain in his/her school of origin until the end of the school year in which permanent housing is found. Students determined to be homeless, or who fit the Massachusetts Department of Education's definition of "unaccompanied youth," are entitled to attend and fully participate in all classes, school activities, and educational opportunities and to benefit from all services provided to other students in the Hingham Public Schools. This includes automatic eligibility for Title I and Free/Reduced Lunch programs.

**(R.) HOMESCHOOLING: (Per HPS school Committee Policy)**

Home educated, or home schooled students, with Committee approved educational programs are eligible to participate in extracurricular activities at their home school. Extracurricular activities are defined as activities taking place outside of school hours (ex. clubs, athletics, band/strings/chorus). Activities that such students are not eligible to participate in are activities that occur naturally within the school day (ex. lunch, recess, specialists not including physical education, field trips, etc.)

Home educated students with Committee approved educational programs may participate in all curricular, extra-curricular and athletic activities providing existing eligibility standards, as defined in our Student Handbook and Discipline Code, and, as applicable, MIAA conditions for interscholastic competition are met.

Parents interested in homeschooling their student must meet the requirements outlined within the [School Committee policy for homeschooling](#). Parents are responsible for developing a program for education, acquiring their own curricula/materials, and documenting/summarizing their educational programming for Superintendent review.

**(S.) ELEMENTARY HOMEWORK GUIDELINES:**

Homework is an expected part of the educational program of the Hingham Public Schools, for the purpose of providing practice and application, reinforcing study skills, and stimulating independence and responsibility in students. Homework is regularly assigned at the secondary level. The amount, frequency, and degree of difficulty will be based on the abilities and needs of the students and at the discretion of the teacher, balanced with consideration of the social and emotional growth of students and the overall mission of the Hingham Public Schools.

Homework guidelines specify the amount and frequency of homework deemed appropriate for each grade level. The schools recognize the role of parents in homework by suggesting ways parents can assist in helping students to carry out assigned responsibilities.

Homework at the elementary level is an expected part of the educational program. Homework assignments will vary in frequency and intensity as appropriate to the age and grade level of the students involved. All homework assignments will be made in accordance with the following guidelines:

#### General

- Guidelines reflect the time that typically might be expected to complete the assignment and may vary according to individual differences.
- Homework assignments may include such activities as creative work and primary research initiatives that require more time than is usually available in class or that involve parent participation or support.
- In certain cases, homework assignments may be given to individual children to meet the need for extra study or practice in a subject where a child is having difficulty or to provide a child with enrichment activities.
- Daily at home reading (to, with, or by a child) is an important aspect of a child's education and enhances the building of a strong foundation for lifelong learning and the enjoyment of reading.

#### Purposes of Homework

- To reinforce school learning by providing practice and application.
- To extend and to reinforce study skills and techniques taught in school.
- To offer opportunities which enrich the school experience through related homework activities.
- To stimulate voluntary effort, initiative, independence, responsibility, self-direction, and a habit of lifelong learning.
- To strengthen the home-school link by involving parents in discussions or explorations that are related to topics being taught in the classroom.
- To help children make up work lost due to absence (after appropriate instruction has been given in school).

#### Role of the Teacher

- Teachers should design assignments to accomplish specific purposes that are closely related to learning activities occurring in the classroom.
- Teachers should articulate assignments carefully and give clear directions for completing the homework task(s).
- Teachers will assist students in learning and practicing independent study skills, especially in the case of long term assignments.
- Teachers will review completed homework assignments so that children can learn from their mistakes and so that concepts/skills learned can be utilized effectively in the instructional program.
- Teachers should plan assignments which encourage and develop voluntary effort, initiative, responsibility, and self-direction in the pupil.

- Teachers will communicate promptly with student and parents if problems concerning homework arise.

### Role of the Student

- Students are expected to maintain a notebook in which to record each day's homework assignments.
- Unless otherwise specified by the teacher, students are expected to submit completed homework on the day following the assignment.
- Homework quality should reflect the students' best efforts and be consistent with the standards for classroom work.
- Students are expected to work for the time specified (on the following pages), whether or not they are able to fully complete the task(s) assigned.
- Students are expected to make up incomplete homework within the week it was assigned, unless excused from doing so by the teacher.

### Role of the Parent

- Parents are responsible for providing a suitable environment for the child to complete homework requirements and for assisting.
- Parents are encouraged to participate fully in homework activities that explicitly involve them in discussions or other explorations related to classroom learning activities.
- Parents are encouraged to foster and support both recreational and assignment related reading.
- Parents are encouraged to communicate with the teacher whenever concerns arise about homework.
- Parents are encouraged to be supportive and helpful to children but to provide content assistance only when needed or asked for by the student

### Recommended Times & Frequency

The comments below reflect time expectations that are typical. The time actually required may vary from child to child and from one assignment to the next. However, children should not be expected to expend more than the allotted time on a regular basis. If homework completion becomes an ongoing issue, the parents/guardian should instruct the child to make his/her best effort for the allotted time, and the parent should contact the teacher to discuss the matter further.

**Kindergarten:** Homework at this level will be informal and given at the teacher's discretion. Assignments may be geared more to requests by the teacher for children to seek out and bring in objects and/or materials that will enhance what the child is studying in school. Frequently, children will be instructed to seek the assistance of a parent or other adult or an older child. Daily reading to or with the child is encouraged.

**Grades 1 & 2:** Regular homework should be expected. However, as is the case with Kindergarten, assignments may be geared toward requests for the child to seek out and bring in objects or materials that will enhance what the child is studying in school. The support of a parent, other adult, or older child may also be specified and will sometimes be in the form of a suggested explanation or discussion. Mathematics homework may be called "Home Links." With the cooperation of parents, some children may be

recommended to complete unfinished class work at home or to practice further skills that have been taught but not yet mastered. Daily reading is encouraged.

**Grade 3:** Homework assignments will generally range from 15 to 30 minutes, occasionally longer for a special project. Typically, homework is given four times per week. Children may be asked to practice taught skills, master spelling words, complete written exercises, or work with a parent, other adult, or older child on a mathematics exploration (called “Home Links”). Daily reading of 15 to 20 minutes, beyond other assignments, is an expectation at Grade 3.

**Grade 4:** Children at this level are expected to complete assignments, of 30 to 45 minutes in duration, four times per week. Children may be asked to practice taught skills, master spelling words, complete written exercises, or work with a parent, other adult, or older child on a mathematics exploration (called “Home Links”). There may be occasional long term projects assigned. Daily reading of at least 20 minutes is expected.

**Grade 5:** Children at this grade level may be asked to complete homework assignments, averaging 60-75 minutes in duration, four times per week. Assignments may consist of work from more than one subject on a given day, and the amount of homework may vary from one day to the next. The nature of assignments is similar to that described above for Grades 3 and 4. Long range assignments, requiring students to plan ahead and to budget time and pace, may be given from time to time. Daily reading remains an expectation at this level.

**(T.) INSURANCE:**

Accident insurance forms are available online on the HPS website. Parents are under no obligation to purchase a policy. The insurance is low-cost protection for your child in case of an injury at school.

**(U.) LOST AND FOUND:**

Each year many articles of clothing are lost by the children while at school. To enable us to return these items to their owners, it is advisable to use name tags. Items that are lost can be found in the cafeteria by the exterior door. Items in the Lost and Found are removed from the building during vacations and given to charity. Items lost on the school buses may be found at the garage located on Fort Hill Street at the entrance to the bus depot. The telephone number there is 781-741-1510

**(V.) LOST OR DAMAGED CURRICULUM BOOKS/MATERIALS:**

Families reimburse the Hingham Public Schools for lost or damaged curriculum books/materials. Contact the office to make arrangements for the reimbursement of the lost book(s). Families are responsible to pay “replacement cost”.

**(W.) LUNCH PROGRAM: (Per HPS School Committee Policy)**

A hot lunch is available, including milk. For those who bring lunch, milk and water are sold. Lunch menus are printed in the local newspapers and appear on the website. Lunch can be bought on a daily basis, but we suggest the use of our online lunch program. The details are on

our HPS website. Should your preference be to purchase lunches at school, checks should be written to the school.

Please check each day to see that your child has money or a bagged lunch. Pupils who do not have lunch or money will be allowed to charge lunch. There are no refrigerators or microwaves available for school lunches.

Free and reduced lunches are available to families who qualify. You may apply online, or connect with the school adjustment counselor.

### **(X.) SCHOOL COUNCIL:**

As required by the 1993 Education Reform Law, each school must form a school council. The council will act as an advisory board to the schools for:

- The educational needs of the students
- Educational goals
- An improvement plan to attain those goals
- School budget

The Council will consist of the principal, teacher (members elected by the staff), community members, and parents elected through the PTO. All are welcome to attend School Council meetings. The time and place of the meetings will be posted on the school calendar and Town Hall.

### **(Y.) SERVICE ANIMALS: (Per HPS School Committee Policy)**

It is the policy of Hingham Public Schools (HPS) that service animals assisting individual with disabilities are generally permitted in all facilities and programs in accordance with federal law and Massachusetts Department of Elementary and Secondary Education.

### **(Z.) SEXUAL HARASSMENT: (Per HPS School Committee Policy)**

The Hingham School Committee and Hingham Public Schools are committed to maintaining an education and work environment for all school community members. that is free from all forms of harassment, including sexual harassment. The members of the school community include the School Committee, employees, administration, faculty, staff, students, volunteers in the schools, and parties contracted to perform work for the Hingham Public Schools.

Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall

into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion. Massachusetts General Laws Ch. 119, Section 51 A, requires that public schools report cases of suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one’s sex life; comment on an individual’s body, comment about an individual’s sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one’s sexual experiences; and,
- Discussion of one’s sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment. Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

The complainant does not have to be the person at whom the unwelcome sexual conduct is directed. The complainant, regardless of gender, may be a witness to and personally offended by such conduct.

### Notice Of Sexual Harassment

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of

harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

### Due Process Protections

Due process protections include the following:

- 1) A presumption of innocence throughout the grievance process, with the burden of proof on the school;
- 2) A prohibition of the single investigator model, instead requiring a decision-maker separate from the Title IX Coordinator or investigator;
- 3) The clear and convincing evidence or preponderance of the evidence, subject to limitations;
- 4) The opportunity to test the credibility of parties and witnesses through cross examination, subject to "rape shield" protections;
- 5) Written notice of allegations and an equal opportunity to review the evidence;
- 6) Title IX Coordinators, investigators, and decision-makers must be free from bias or conflict of interest;
- 7) Equal opportunity for parties to appeal, where schools offer appeals;
- 8) Upon filing a formal complaint the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. For K-12 schools a hearing is optional but the parties must be allowed to submit written questions to challenge each other's credibility before the decision-maker makes a determination. After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying either the preponderance of the evidence or the clear and convincing standard; however, a school can use the lower preponderance standards only if it uses that standard for conduct code violations that do not involve sexual harassment but carry the same maximum disciplinary sanction. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

The district may establish an informal investigation process that may, upon the request of the complainant be followed by a formal process.

The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The investigating officer may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the complaint recipient will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.

#### Record Keeping Requirements

Schools must create and maintain records documenting every Title IX sexual harassment complaint. This could include mediation, restorative justice, or other models of alternative dispute resolution. Schools must keep records regarding the school's response to every report of sexual harassment of which it becomes aware even if no formal complaint was filed, including documentation of supportive matters offered and implemented for the complainant. This policy, or a summary thereof that contain the essential policy elements shall be distributed by the Hingham School District to its students and employees and each parent or guardian shall sign that they have received and understand the policy.

#### **(AA.) TEACHER QUALIFICATIONS:**

Schools that receive Title I grant funds must notify all parents they can request and receive specific information about teacher qualifications. As a parent, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to receive requested information in a timely manner. Specifically, you have the right to ask for the following information about your child's teachers:

- Whether the Massachusetts Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Massachusetts Department of Education has granted a waiver so that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has any advanced degrees and, if so, the subject of the degrees.
- Whether any teacher aides or similar para educators provide services to your child, and, if they do, their qualifications.

If you would like to receive any of this information, please call or email the principal.

#### **(BB.) VIDEO SURVEILLANCE: (Per HPS School Committee Policy)**

In our continued effort to maintain a positive and safe environment for our students, staff, visitors, and families, the outside of the building and grounds are now under 24-hour video surveillance. School entrances have the capacity for audio and video recording. Following is the Hingham School Department's Video Surveillance Policy:

#### 7.1.1 Video Surveillance: Statement of Purpose:

Hingham Public Schools (the district) has a responsibility to maintain discipline and protect the safety, security, and welfare of our students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment.

As part of fulfilling this responsibility, the Hingham School Committee authorizes the use of video/digital surveillance cameras in any district building, on district property, and in district buses and vehicles. Digital or video recorder placements shall be based on the presumption and belief that students, staff, and visitors have no reasonable expectation of privacy in public areas or at events that occur in plain view of other students, staff, or visitors.

Signs shall be posted on district buildings and in district vehicles, including school buses, to notify students, staff, and visitors that video or digital cameras may be in use in school buildings and on buses. Parents and students shall also be notified through the student handbook or by other means that cameras may be in use in school buildings, on school grounds and in school vehicles. Students and others will be held responsible for any violations of school rules or law recorded by the cameras.

#### Procedures

##### Retention and Access to Video:

1. The district shall retain copies of video or digital recordings for up to 30 calendar days. Recordings may be erased by either deletion or copying over with a new recording.
2. The district will store the time intervals of any recordings as long as there is a need to inspect and review them, or a need to preserve evidence, as determined by the district.
3. The right to inspect such recordings is limited to school district personnel and as required by law, such as when such information is required to be provided following receipt of a lawfully issued subpoena.
4. The district is not obligated to provide a copy of any video recording to parents, students or their legal counsel. If the district agrees to provide a copy of the video, the actual cost for copying the video shall be paid by the parent prior to the release of such video.
5. Video recordings may be shown to law enforcement officials by the school department, as well as to parents or students who have been recorded at the sole discretion of school administrators.
6. The School committee authorizes the use of decoy cameras to further act as a deterrent to vandalism and other unauthorized impermissible activities.
7. Students who vandalize, damage, disable, or render inoperable surveillance cameras and equipment shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

#### **(CC.) VISITORS:**

For the safety of your children, please report to the office upon arrival. Volunteers and visitors will be provided with name tags during their time at school. We also require that you sign in upon arrival and sign out upon departure. and out while you are on school grounds.

**(DD.) VOLUNTEER EXPECTATIONS:**

Volunteers help with many projects, special events, and regularly scheduled programs. All volunteers are expected to respect the privacy and dignity of individuals in the school setting. Issues or concerns should be reported to the teacher or principal immediately.

**II.FAMILY COMMUNICATION**

**(A.) COURT ORDERS & LEGAL DOCUMENTS:**

Court orders (i.e. Restraining Orders) and legal documents must be filed in the office within twenty-four hours of the legal documents being executed. Any changes in these orders must be communicated to the school administration.

**(B.) FAMILY CONCERNS:**

In most cases, a concern about a classroom situation should be communicated directly with the teacher or specialist involved. General questions or concerns may be most appropriately addressed by a principal, adjustment counselor or psychologist. If direct communication with the professional is not possible, or does not resolve the concern, parents should contact a principal. Anonymous concerns or complaints cannot be addressed (except bullying).

**(C.) PARENT/TEACHER CONFERENCES: (Per HPS School Committee Policy)**

Parent-teacher conferences are collaborative endeavors that should focus on the needs and the progress/development of the student. Parents should share with the teacher important information that may affect student performance. Parents and teachers should be prepared to listen to the other's perspective, ask questions, and share concerns. By the end of the conference, the parties should have discussed and developed next steps, including plans for any future communication that may be needed. When conferences involve specific issues of concern, it is important to focus first on identifying the problem and then on solving it together. Please note the parent-teacher conference days identified on the calendar. You will schedule these conferences online through our website. Approximately 20 minutes are scheduled for each parent meeting. Conferences are not limited to conference days, but may be held at a mutually convenient time. These conferences may be initiated by either the parent or the teacher. We urge you to talk with your child's teacher at least once a year. However, conferences should be scheduled as often as the need arises.

**(D.) PROMOTION & RETENTION POLICY: (Per HPS School Committee Policy)**

The School Committee is dedicated to the continuous development of all students. The professional staff is expected to place students at the grade level best suited to them academically, socially, and emotionally. In evaluating student achievement, each teacher will make use of all available information, including results of teacher-made tests and other measures of skill and content mastery, standardized test results, and teacher observation of student performance. The Principal will direct and aid teachers in their evaluations and review grade assignments in order to ensure uniformity of evaluation standards.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of

the students involved. Prior notification and explanation must be given to the parents/guardians. The final decision rests with the Principal.

**(F.) REPORT CARDS & STUDENT ASSESSMENTS:**

Elementary report cards are standards based and correlated to the Massachusetts Curriculum Frameworks. All students K-5 will receive two report cards per year. Grades 3-5 will receive progress reports at the mid-point of each marking period, at which time concerns about academic progress and performance will be relayed to parents.

All students have portfolio assessments which provide an accurate profile of your child's progress. You may review those profiles at any time.

Students in grades three, four, and five will be administered state assessments (MCAS) based on the Massachusetts Curriculum Frameworks in English Language Arts, reading, math, and science/technology/engineering. The testing calendar is posted on the website, when finalized.

**(G.) STUDENT CONCERNS & APPEALS PROCEDURE:**

Students wishing to express a concern or to appeal a decision made by school personnel may do so by contacting building administration in person or in writing. Students can deliver written communication to the main office or contact the school administrative assistant to schedule a meeting with building administration. All concerns or appeals will be addressed in a timely manner. This year's testing calendar will be available in the fall on the website.

**(H.) STUDENT PLACEMENT:**

In the early spring, we begin the placement procedure for next year's classes. Our goals include providing a learning environment where children may learn best, a learning atmosphere in which each parent and each teacher will have confidence, and a pairing of children and teachers in the best groupings for effective education, resulting in heterogeneous classes of similar size.

Our placement process is a team effort that is completed with great care. The initial lists are created by each classroom teacher, discussed with grade-level colleagues, and reviewed by other professionals and specialists to ensure that we have not overlooked any aspect of an appropriate placement. We, as professionals, feel that we keep the best interests of children always in our minds as we work for optimal placements.

We encourage parents to complete a placement survey that is distributed in the spring. The forms may not contain requests for specific teachers, but should give us additional information that will help us select the right classroom for your child. Please be assured that the faculty will review each child's needs individually and select the classroom in which we believe they will learn best.

**(I.) STUDENT CUMULATIVE RECORDS AND CONFIDENTIALITY: (Per HPS School Committee Policy)**

Student cumulative records shall be maintained in accordance with State Department of Education guidelines and be made available for inspection by a parent/legal guardian, or student upon request. These records must be made available no later than two days after the request unless there is mutual consent to a delay. These records must include academic,

scholastic, or any other information concerning each student that are kept or are required to be kept.

The official student transcript shall be maintained for 60 years. The student's temporary record shall be destroyed five years after the date of graduation or exit from the school system.

Graduating seniors shall be forewarned of this practice and appropriate notification shall be sent to the local newspaper.

Transcripts shall be made available to any student or former student without charge, but charges, not to exceed the cost of duplication, may be made for additional copies.

### **III. EDUCATIONAL PROGRAMS/INSTRUCTION**

#### **(A.) CURRICULUM: (Per HPS School Committee Policy)**

Hingham Public Schools has a comprehensive elementary curriculum. It includes reading/language arts, mathematics, science, health, social studies, computer science, art, music, Spanish, library media, and physical education. Our curriculum is aligned with the Massachusetts Curriculum Frameworks. Grade level curriculum nights are scheduled annually and noted on the calendar. During this time, the HPS Grade Level Curriculum Summaries are distributed.

#### **(B.) CURRICULUM SPECIALISTS:**

Students in grades K-5 experience physical education, art, music, computer science, Spanish and library media classes. Coming prepared for specialist instruction is important. Please note the expectations:

- Library: Bring books to be returned
- Physical Education: Bring sneakers/wear appropriate attire
- Art: Bring smock, if you so desire
- Musical Instruments: Practice daily and bring instrument to class. Forgotten instruments can be left in the office for pickup by students.

Also, as part of the curriculum for grade five, students are offered the opportunity to participate in band, chorus or orchestra. If students wish to participate in the band or orchestra, it is the parents' responsibility to buy or rent an instrument. Fifth graders also have a field science experience once every six days.

#### **(C.) DISTRICT CURRICULUM ACCOMMODATION PLAN (DCAP):**

The adoption of a District Curriculum Accommodation Plan (DCAP) is a requirement of the Commonwealth of Massachusetts (Massachusetts General Laws Chapter 71 Section 38Q 1/2). The law states:

School districts shall adopt and implement a curriculum accommodation plan to assist principals in ensuring that all efforts have been made to meet students' needs in regular education. The plan shall be designed to assist the regular classroom teacher in analyzing and accommodating diverse learning styles of all children in the regular classroom and in providing appropriate services and support within the regular education program including, but not limited to, direct and systematic instruction in reading and provision of services to address the needs of children whose behavior may interfere with learning, or who do not qualify for special education services under chapter 71B. The curriculum accommodation plan shall include provisions encouraging teacher mentoring and collaboration and parental involvement.

Further, Massachusetts General Laws, Chapter 71, Section 59C goes on to state:

The school council, including the school principal, shall meet regularly and shall assist in the identification of the educational needs of the students attending the school, make recommendations to the principal for the development, implementation and assessment of the curriculum accommodation plan required pursuant to section 38Q1/2, shall assist in the review of the annual school budget and in the formulation of a school improvement plan, as provided below.

The DCAP is intended to guide principals and teachers in ensuring that all possible efforts are made to meet student needs in general education classrooms and to support teachers in analyzing and accommodating the wide range of student learning styles and needs that exist in Hingham Public Schools. The DCAP describes both formal and informal routes for problem solving. Communication between parents and teachers will be effective in identifying issues and agreeing upon strategies to be implemented. Teachers in Hingham are continuously monitoring student progress and looking for opportunities to make accommodations to facilitate learning and to foster understanding. The district is committed to the concept of early intervention and to addressing learning issues in a timely fashion based on a team approach. The district's goal in this regard is to meet the need of every student, whether a struggling learner or one who is exceeding grade level expectations. "Fulfillment of potential" is a focus goal included in the mission statement of Hingham Public Schools.

#### What Does A DCAP Ensure?

Massachusetts General Laws require school districts to implement District Curriculum Accommodation Plans (DCAPs) to help ensure all efforts have been made to meet students' needs in the general education setting. To that end, the plan ensures:

- Analysis of diverse learning styles within the general classroom;
- Accommodations to meet needs of the diverse learning styles within a general education class;
- Provision of appropriate services and supports within the general education classroom;
- Services to address the needs of children whose behavior may interfere with learning;
- Encouragement of parental involvement in their children's education;
- Encouragement of teacher mentoring and collaboration;
- Assistance to general education staff through professional development and collaboration.

This District Curriculum Accommodation Plan details procedures, programs, and supports available and implemented within the individual schools of the district. The DCAP is directly connected to procedures that are currently in place to strengthen and improve the general education program **for the benefit of all students**.

#### What is in Hingham Public Schools' DCAP?

Hingham Public Schools' DCAP is a comprehensive plan that includes the following components:

- Building-based Hingham Tiered Systems of Support/Instructional Support Teams that meet on a regular basis and provide general education teachers the opportunity to collaboratively work together to find accommodations and interventions to meet the needs of all students. The team consults with specialists who can provide important information and expertise to the general education teachers. Families are often an important part of the process as well. Establishing

home/school connections is a strategy that is often implemented as a result of referral to the team.

- Our schools employ the services of many specialists for the purpose of assisting students who need support. Careful assessment and intervention takes place, and collaboration with the general education teacher is an important component of the success of the plan. For example, reading specialists not only work with selected students but also model effective reading lessons for teachers to use with their entire class.
- Hingham Public Schools provides a mentoring program for all first-year educators. Year one staff participate in a year-long induction program as well as work with a veteran teacher on a one to one basis.
- Professional Development is an important goal for our district, providing staff with an opportunity to collaborate and to participate in workshops both within the district and at regional and statewide meetings and conferences. A wide array of topics ranging from instructional and behavioral strategies for special populations to current trends in curriculum and assessment to state regulations may be covered in these professional development offerings.
- Ongoing academic support is available at the building level. These opportunities are provided by Title 1, METCO, specialists and teachers. The goal of these programs is to increase the skills and confidence of our students so they can successfully apply their knowledge to classroom and real-life situations.
- Staff members are able to provide individual accommodations to students on an as-needed basis and specific to the content of a situation as part of the Hingham Tiered Systems of Support/Instructional Support Team problem-solving framework. This document provides an overview of the strategies across the district to support accommodating concerns regarding academic progress as well as strategies and interventions designed to resolve social and behavioral issues.
- Staff members are able to consult with members of the leadership team, including the Director of Student Services (Administrator of Special Education) and the Assistant Director of Student Services, as well as any other department director, principal, assistant principal, or central office administrator for support and/or direction relative to case management.
- The Director of Student Services (Administrator of Special Education) and the Assistant Director of Student Services are further available for consultative support with building principals, as well as department directors.

The DCAP is intended to address seven core strategies across each level:

- **Inclusive Classrooms:** To support general education classroom educators to analyze, accommodate and support the wide variety of learners in their classrooms.
- **Social-Emotional Supports:** To provide a multi-tiered model of social-emotional and behavioral supports to all students to ensure comprehensive access to our challenging academic program.
- **Academic Supports:** To provide a multi-tiered model of academic supports to all students to ensure comprehensive access to our challenging academic program.
- **Induction & Mentoring:** To ensure all educators are provided a comprehensive induction program during their first year of service and to encourage ongoing teacher mentoring and collaboration.
- **Parent Involvement:** To encourage parental involvement in their children's education and to provide formal, and informal, opportunities for home-school collaboration.

- **Responsive & Relevant Curriculum:** To provide ongoing review of local curriculum to ensure alignment with the Massachusetts Curriculum Frameworks and the standards of Hingham Public Schools.
- **Post-Secondary Success:** To provide resources and assistance for students who are at risk of not meeting expectations on the next-generation MCAS assessments.

**Additional, referral-based supports within Hingham Public Schools:**

- 

Reading Programs: Each of the schools, elementary through high school, provide directed reading programs as appropriate to improve achievement among students who are having difficulty and are determined eligible through progress monitoring and the Hingham Tiered Systems of Support/Instructional Support Teams process. Some of the programs implemented are as follows:

- Early intervention assessments through nationally normed reading assessments
- Direct instruction in phonics and/or phonology, phonemic awareness, etc.
- Individual or small group instruction as needed
- Core reading/language arts
- Specialized Reading Program

Math Support: Each of the schools, elementary through high school, provide support in math. Elementary schools provide math support through targeted experiences, as appropriate, to improve achievement among students who are having difficulty, or who need further extension of concepts and skills. Decisions for intervention are made through the Hingham Tiered Systems of Support/Instructional Support Teams process. Some of the programs are as follows:

- Individual or small group instruction
- Core math classes
- Math Plus
- Differentiated classroom instruction
- HMS Math Prep courses (grades 6-8)
- HMS Grade 6 math enrichment course
- HHS Algebra I after-school support class
- HHS MCAS support class

Counseling: School counselors, adjustment counselors, and school psychologists are available, as needed, to provide direct support and intervention as well as serve as a resource for teachers and families. Referrals to outside service providers are also available, as needed.

**(D.) HPS HINGHAM TIERED SYSTEMS OF SUPPORT/INSTRUCTIONAL SUPPORT TEAMS:**

The Hingham Tiered Systems of Support/Instructional Support Team (HTSS/IST) provides support to teachers as they develop alternatives for students experiencing difficulties (behavioral, social or academic) in the general education classroom. The HTSS/IST is school-based and uses a collaborative problem-solving approach. The HTSS/IST is typically composed of administrators, teachers, and counseling staff. The HTSS/IST teams schedule regular meetings throughout the year depending on the needs of the students in the building. Classroom teachers typically refer students to the HTSS/IST team, following consultation with the student's parent/guardian. The HTSS/IST ensures that the needs of students who are experiencing difficulty in school are identified and that a variety of strategies and

interventions are implemented. Structurally, the HTSS/IST team will utilize strategies outlined in the DCAP as the first line of support for students who may be experiencing difficulty in school. In addition, the support of school psychologists, school counselors, curriculum or technology specialists, administrators, team leaders, and community agencies may provide ideas and/or peer assistance to their colleagues, or offer suggestions for better utilization of resources or staff time.

During 6-8 week intervals (may be longer or shorter in duration, depending on the individual needs of the student), the HTSS/IST will check on student progress and make adjustments to the individual problem-solving approaches depending on student response during the preceding 6-8 weeks. If a student experiences success with these classroom-based accommodations, they will continue to be monitored by the HTSS/IST at regular intervals. If a student continues to experience difficulty, even after a series of 2-3 HTSS/IST-monitored interventions, the student may be referred for an evaluation under the Individuals with Disabilities Education Act (IDEA, Special Education law) or under Section 504 of the Rehabilitation Act of 1974 (Section 504, Civil Rights law). It should be noted that teachers, parents, or any other outside professionals/specialists (e.g., pediatricians, etc.), may make a request for the student to be evaluated for Special Education or Section 504 at any time they suspect the student may have a disability or impairment.

Providing quality education to all students and designing schools that promote the development of intellectually, personally and socially competent youth is a multi-dimensional and long-term process. An effective HTSS/IST process is an integral part of Hingham Public Schools. Administrators support, understand and recognize the need for student support so they can establish clear, concise and enforceable policies as a foundation for the HTSS/IST. These leaders will guide the district's efforts to develop well-rounded, responsible, and healthy children.

The basic Hingham Tiered Systems of Support/Instructional Support Team process has several elements including:

- School-based HTSS/ISTs
- Systematic professional methods for identifying and screening identified student needs
- Methods for making formal and appropriate referrals
- Strategies for supporting students' needs

#### Identification:

If the concern originates from school staff, parents, or students, the process begins with completion of a referral form. This form provides the referent with an instrument to document and describe his or her concern. This form is completed and given to the school-based HTSS/IST contact. Once the referral has been received, information is collected regarding the referred student. Information about the student's academic performance, attendance, extracurricular activities, and behaviors of concern may be pertinent. The purpose of this phase is to collect information from as many sources as possible.

#### Screening:

This information is taken to the team for screening. Team members review the data and make a determination as to what might be appropriate next steps. The compiled information provides team members with concrete data used to help determine the need for further action and explore possible avenues for assistance. The data also provide specific, observable information that can be shared with the student and parent about identified concerns. At times, the team may choose to 'table' a referral. The most common next step is talking to the student and/or parent.

### Referral and Support:

The procedure for contacting students or parents varies depending on many factors. Team members will have personal preferences. Some staff members will prefer to speak to the student first. This gives the student an opportunity to share what he or she thinks explains the concerns. Other staff prefer to talk to the parent first, while others share their concerns with the parent and obtains the parent's perceptions. Staff can also gather information from the parent about what may be happening at home, such as divorce, a new job, a death in the family or other events. After talking to the student, parent, or both, the team member will generally have some additional information with which to make suggestions for appropriate interventions. Intervention may be as simple as getting a tutor for the student or as complicated as referring to an outside agency for further evaluation. Once the next step is determined, it should be documented in the HTSS/IST file and necessary arrangements made for the follow-through on the intervention. Results should be taken back to the team and shared.

The following steps outline the process to support classroom educators with their inquiry relative to the academic or social-emotional success of a student. The process is intended to be completed prior to accessing support from the school's Instructional Support and Intervention Team.

### **HTSS/IST Framework (Suggested Steps):**

- CONSULT with your student, his or her parents, and other professionals who work/have worked with and/or know the student.  
*Goal: To determine the student's level of awareness of the issue, to see if it is also present at home or in other settings, to gather a history of the student, and to determine what strategies have been used in the past.*
- CONSIDER your student's cultural and linguistic background.  
*Goal: To determine if a student's limited familiarity of our country or language may be interfering with the student's success at school and to investigate the typical developmental stages of students with limited English proficiency.*
- REVIEW your student's cumulative record, review academic achievement, and any additional academic or social-emotional data.  
*Goal: To gather a history of your student's learning, behavioral, vision/hearing screening results, social-emotional strengths and opportunities for growth.*
- OBSERVE your student across multiple environments.  
*Goal: Make note of where the issue is present or not, and the frequency and intensity of the issue across multiple contexts and settings.*
- ASSESS your student's progress in all curriculum areas, including the specialist programs.  
*Goal: To determine if a common academic demand exacerbates or lessens the issue/s.*
- REVIEW your student's work habits.  
*Goal: Determine the role of organizational and study habits in maintaining the issue/s.*
- IDENTIFY your student's learning strengths, interests, and opportunities for growth.  
*Goal: To use your student's strengths and interests to support opportunities for growth.*
- PRESENT your student and information collected to your school-based HTSS/IST to solicit their feedback and suggestions.  
*Goal: To collaborate with your colleagues to think through possible environmental or instructional accommodations or adjustments to make to ensure student success.*
- CHOOSE AND IMPLEMENT environmental and/or instructional strategies.

*Goal: To implement recommended strategies/adjustments and document progress and results for at least 4-6 weeks*

### **Hingham Public Schools District Curriculum Accommodation Plan (DCAP) 2018-19**

Strategy	DCAP Focus	Elementary-Wide Focus
<p><b>Inclusive Classrooms:</b> To help general education classroom teachers analyze, accommodate and support the wide variety of learners in their classrooms.</p>	<ul style="list-style-type: none"> <li>● An Instructional Support Team is in place in each school. The role of the Instructional Support Team is to confer with teachers on specific students and offer suggestions for adjusting the learning environment in the general education program and documenting these efforts.</li> <li>● A focus on technology integration provides opportunities for students to access the curriculum in alternative ways.</li> <li>● ESL specialists are available to consult with teachers regarding students with limited English proficiency.</li> </ul>	<ul style="list-style-type: none"> <li>● Differentiated instruction takes place in all classrooms.</li> <li>● Teachers use flexible grouping.</li> <li>● Small group instruction in and out of classroom.</li> <li>● Modification of curriculum and differentiated instruction, to meet needs of all learners.</li> <li>● Multi-sensory approach to teaching.</li> <li>● HTSS/IST.</li> <li>● Use of formal and informal diagnostic tools to assess student needs.</li> <li>● Teachers meet by grade level and with support staff to confer on best approaches to meeting student needs.</li> <li>● Teachers continue to study ways to adapt the curriculum using technology (after school and in-school training is also provided).</li> <li>● Professional development opportunities (both within and outside of district) related to improving curriculum and instruction available to teachers.</li> </ul>
<p><b>Social-Emotional Supports:</b> To provide a multi-tiered model of social-emotional and behavioral supports to all students to ensure comprehensive access to our challenging academic programs.</p>	<ul style="list-style-type: none"> <li>● All students are provided direct instruction in social-emotional skills and are provided support through a multi-tiered model.</li> <li>● Special educators consult with regular education teachers on behavioral issues that impact academic progress.</li> <li>● School counselors offer individual counseling and social skills groups in specific areas.</li> </ul>	<ul style="list-style-type: none"> <li>● Special educators use an in-class model and resource room model to meet student needs.</li> <li>● The school counselor is very involved with students and parents.</li> <li>● Use of the Responsive Classroom principles and practices by school staff.</li> <li>● School counselors consult with classroom teachers and provide training.</li> </ul>
<p><b>Academic Supports:</b> To provide a multi-tiered model of academic supports to all students to ensure comprehensive access to our challenging academic programs.</p>	<ul style="list-style-type: none"> <li>● All students are provided direct instruction in supportive and academically enriching classrooms.</li> <li>● The elementary reading program provides a balanced literacy approach that includes individual instruction in areas such as fluency, phonetics, comprehension, and oral reading.</li> </ul>	<ul style="list-style-type: none"> <li>● All grade levels use the revised ELA curriculum frameworks and associated Power Standard Documents developed in-district.</li> <li>● The Massachusetts Frameworks, as updated, are deconstructed and incorporated into all relevant classes.</li> <li>● All grade levels use a scope and sequence of word study skills.</li> </ul>

	<ul style="list-style-type: none"> <li>● A primary focus of the current reading program includes a systematic approach to word study as well as flexible grouping.</li> <li>● The elementary schools implement the RTI model, offering early intervention for students in need.</li> <li>● Reading Specialists are available at all levels to support “at risk” students.</li> <li>● To address the specific needs of ELL students, the district is actively training classroom educators in Sheltered English Immersion (SEI) practices.</li> </ul>	<ul style="list-style-type: none"> <li>● Teachers K-3 have been trained in a multi-sensory approach to teaching reading, writing, and spelling.</li> <li>● Focus on professional development in reading: Balanced Instruction in Reading, Multi-sensory Approach to Teaching Reading.</li> <li>● On site consultation and training – model lessons, peer observations.</li> <li>● Use of Literacy Closets to provide books for guided reading.</li> <li>● Use of DIBELS and other assessments to monitor student needs.</li> <li>● Reading specialists and special educators support at-risk students.</li> <li>● RTI identification, early intervention and progress monitoring of students.</li> <li>● Teacher training in Sheltered English Immersion (SEI), as well as ELL instructional strategies has been implemented.</li> </ul>
<p><b>Induction &amp; Mentoring:</b> To ensure all educators are provided a comprehensive Induction program during their first year of service and to encourage ongoing teacher mentoring and collaboration.</p>	<ul style="list-style-type: none"> <li>● Hingham Public Schools has a formal Teacher Induction and Mentoring Program in place to assist teachers who are new to the teaching profession and/or new to the district.</li> <li>● Hingham’s Professional Development Program requires that teachers meet regularly during the year in study groups to exchange ideas on instructional issues and differentiating teaching.</li> <li>● Professional development related to classroom management, learning styles, etc. is offered to new teachers.</li> </ul>	<ul style="list-style-type: none"> <li>● All teachers new to Hingham are assigned a mentor or peer coach to support their induction.</li> <li>● Substitute coverage is provided, when possible, so that mentor teachers can meet with their mentees.</li> <li>● Peer observations are conducted by mentor and mentees.</li> <li>● Grade level and cross grade level meetings are held to share curriculum and teaching strategies.</li> <li>● Paraeducator training is conducted by professional staff.</li> <li>● New teachers are allotted time with their mentors throughout the year to discuss curriculum, instruction and school culture topics.</li> <li>● Faculty meetings allow teachers to share curriculum ideas.</li> </ul>
<p><b>Parent Involvement:</b> To encourage parental involvement in their children’s education.</p>	<ul style="list-style-type: none"> <li>● Parents are considered to be an integral part of their child’s learning experience.</li> <li>● An active PTO program and parent volunteer base exists in all schools.</li> <li>● School Councils participate actively in the annual budget development and in developing school improvement plans.</li> <li>● School-to-parent communication is in the language of the home.</li> <li>● Parents are encouraged to contact teachers through email, meetings, websites, etc. about their concerns for their child.</li> </ul>	<ul style="list-style-type: none"> <li>● Consistent home-school communication exists through newsletters, phone calls, e-mail, and web pages.</li> <li>● Parents participate in Team Meetings and the decision-making process.</li> <li>● Parents are part of the interviewing team for new administrative/leadership hires.</li> <li>● Volunteers assist in and support instruction.</li> <li>● Special Education Parent Advisory Council exists district-wide.</li> <li>● Active PTO supports instruction financially and through volunteerism.</li> </ul>

		<ul style="list-style-type: none"> <li>● School Council consists of some parent representatives.</li> <li>● Parent meetings on relevant topics are presented by staff.</li> <li>● Extensive after-school enrichment program is run by parents.</li> </ul>
<p><b>Responsive &amp; Relevant Curriculum:</b> To provide ongoing review of local curriculum to ensure alignment with the Massachusetts Curriculum Frameworks and the standards of Hingham Public Schools</p>	<ul style="list-style-type: none"> <li>● An ongoing curriculum review cycle is in place to examine curriculum and textbooks. In addition, this cycle ensures that curriculum documents are created and/or updated to correlate to the Massachusetts Curriculum Frameworks.</li> <li>● A process is in place for reviewing the Massachusetts Curriculum Frameworks. The process requires groups of teachers to review the frameworks and determine the level of mastery for each standard.</li> <li>● The curriculum review process also provides an opportunity to procure supplementary teaching materials for learners at different levels.</li> <li>● Newly purchased curriculum items are reviewed for universal design.</li> </ul>	<ul style="list-style-type: none"> <li>● Teachers serve on committees to review frameworks and programs and instructional materials.</li> <li>● The new Massachusetts Frameworks in math and ELA have been deconstructed and developed into Power Standards.</li> <li>● Supplementary materials are available for teachers.</li> <li>● Everyday Math 4, Journeys, and a variety of instructional programs and materials in Science, Technology, and Engineering.</li> <li>● Programs have been adopted and implemented to support the Massachusetts Frameworks.</li> <li>● Teachers serve on committees to review and update content area scope &amp; sequence.</li> </ul>
<p><b>Post-Secondary Success:</b> To provide resources and assistance for students who are at risk of not meeting expectations on the next-generation MCAS assessments.</p>	<ul style="list-style-type: none"> <li>● Any student who falls into the “Not Meeting Expectations” category on the MCAS qualifies for a Student Success Plan that is individualized to meet his/her needs.</li> </ul>	<ul style="list-style-type: none"> <li>● Individual Student Success Plans are developed for students at risk.</li> <li>● Meetings are held with school counselors, support service teachers and classroom teachers to discuss student needs.</li> <li>● Vertical teams of teachers participate in MCAS data analysis to determine needed action planning.</li> </ul>

**(E.) ENGLISH LEARNER EDUCATION:**

The family of every registering student is given a Home Language Survey to complete. The principal must notify the Director of Student Services of any student whose first language is other than English. This student will be assessed by the HPS English Language Learner (EL) teacher. A team of professionals, including the EL teacher, will determine whether this student is eligible for English Language Services.

Any student identified as an English Language Learner (EL) is not automatically eligible for Special Education and/or related services. To be found eligible for Special Education and/or related services a TEAM of professionals, including an ESL teacher, must have formally evaluated, found the student to have a disability, and found the student to not be making effective progress in the regular education classroom, due to the disability. The basis of their decision cannot be based on the fact that the student

is an English Language Learner. Moreover, the needs of English Language Learners should not be confused with those of students with disabilities. If regular education Teams need assistance with this distinction, the EL teacher will be consulted.

Hingham Public Schools will conduct all communication to a family whose first language is other than English in the primary language of the home. Additionally, Hingham Public Schools provides for oral translations of all parent/student/teacher meetings (including Special Education Team Meetings) for individuals who may require it. Hingham Public Schools has ongoing contracts with a number of interpreters for this purpose. If a student or parent requires oral translations in their native language, the School Psychologist/Team Chairperson should notify the Director of Student Services as soon as possible so arrangements can be made to secure native language translation services. This oral translation is then documented in writing in the student record.

Communications with parents are in clear and commonly understood words and are in both English and the primary language of the home if such primary language is other than English. Any interpreter used in fulfilling these requirements is fluent in the primary language of the home and generally familiar with special education procedures, programs, and services. If the parents or the student are unable to read in any language or are blind or deaf, communications required by these regulations are made orally in English with the use of a foreign language interpreter, in Braille, in sign language, via TTY, or in writing, whichever is appropriate, and all such communications are documented.

If the district provides notices orally or in some other mode of communication that is not written language, the district keeps written documentation (a) that it has provided such notice in an alternate manner, (b) of the content of the notice and (c) of the steps taken to ensure that the parent understands the content of the notice.

English Learners are provided the opportunity to receive support services, such as guidance and counseling, in a language that the student understands. Further, English Learners are taught to the same academic standards and curriculum as all students, and are provided the same opportunities to master such standards as other students, including the opportunity to enter academically advanced classes, receive credit for work done, and have access to the full range of programs. All educators in Hingham Public Schools use grade appropriate content objectives for English Learners that are based on the district curriculum across all content areas and are instructed by qualified staff members

Please see the “English Language Learners Procedures Manual” for more comprehensive information and related forms.

**(F.) LIBRARY MEDIA CENTER: (Per HPS School Committee Policy)**

The LMC provides books and a variety of audio-visual materials for our students. Students receive instruction in research skills, library skills and literature.

Children visit the LMC regularly with their class. Individual students may visit at the discretion of the classroom teacher. Books are checked out for six days. It is important that books are returned when due. Families are responsible for the replacement cost of lost or damaged books.

**(G.) RECONSIDERATION OF INSTRUCTIONAL MATERIALS:**

Instructional materials, including library resources, which may be deemed by some as objectionable, may be considered by others as having sound educational value or worth. Any concerned resident or

any employee of the Hingham public Schools may request reconsideration of a text, library book, or other media materials; however, the challenged material will not be removed from use or circulation during the reconsideration process. If any objection cannot be resolved by discussion between the complainant and the appropriate administrator, the complainant will be asked to follow the Procedures for Reconsideration of Instructional materials (see Procedure 5.16A).

**(H.) SCHOOL SERVICES:**

We are fortunate to offer a variety of services at East School. Our psychologist, adjustment counselor, reading specialist, math specialist and literacy/math tutors are available to conference with parents and explain programs and services.

**(I.) SPECIAL EDUCATION:**

The Hingham Public Schools is committed to excellence in learning and to the fulfillment of individual potential for all students. Children with disabilities have the opportunity to access the general curriculum in the least restrictive environment. With that goal in mind, we continue our efforts to improve the capacity of educators to meet the needs of all students; to increase the skill bank of our special education staff in providing specialized instruction; and to assist all educators in making appropriate curriculum and instructional modifications.

Parents are encouraged to be active participants in the development of their children's educational programs and to meet their child's teacher. Parent workshops/seminars related to special education are available throughout the school year.

The individualized nature of special education services means that educational programs are developed to meet the unique needs of students. When parents (or students) are concerned about lack of academic progress, or when they believe that a disability may be preventing progress, request a teacher conference as soon as possible, then (if needed) meet with the school psychologist. Appropriate accommodations may be available to assist the student within general education. The school based Instructional Support Team may meet and make recommendations to the teachers, students, and parents.

The classroom teacher, adjustment counselor, speech & language therapist, occupational therapist, physical therapist, behavior therapist, special education teachers, principals, reading specialist, math specialist, reading tutors, math tutors, and school psychologist are members of our Instructional Support Team and/or Special Education Services Team. As members, they provide input (i.e. observation, screening, evaluation, consultation, and/or services) which enables plans to be designed to meet the needs of all students and chart effective progress.
