As we head into the last full week of the semester...

1. Don't forget that **freshman advisory** will meet on **Monday** for (almost) the entirety of **A Block**. On Monday morning, students and teachers should report to their regular A Block locations, take attendance, and then, where appropriate, move to advisory locations when called by the main office at about 8:05 AM. Advisory will then meet for the remainder of the period.
2. Another reminder: Our next **faculty meeting** is **Wednesday** afternoon at 2:45 PM in the auditorium.
3. Update on the **re-keying** project: Installation of new locks (building-wide) with new keys is now scheduled for **February vacation** (same time as the work on the PA system). Specific plans (e.g., whether every classroom will get its own unique key) are still under review. If you'd like to make any specific recommendations, please feel free to send them to me.
4. Want to see something awesome that happened in Room 159 earlier this week? Check out [this video](#).
5. A recent [Boston Globe article](#) underscored the ways that participation in high school sports (especially here at HHS) can transcend the playing field, rinks and courts. If you want another good example, come to see one of our basketball teams play in the ["Coaches vs. Cancer" games](#) next Friday night!

Have a great weekend!

Rick Swanson
Principal
