**Parking Policy from HHS Student Handbook (p. 30):**

Students who drive automobiles to school will be subject to such regulations as the school administrators deem necessary for safety. Driving abuses may result in loss of the privilege of driving to school and parking on school grounds as well as disciplinary action deemed appropriate by the administration.

Eleventh and twelfth grade students may park on the campus of Hingham High School subject to the restrictions below and provided that their car displays the appropriate parking placard. Student parking will be restricted to the far parking lot between the baseball field and the soccer field and to numbered spaces in the Union Street parking lot. Parking is open only to students who have purchased a parking placard. No student will be allowed to park in the auto shop/gymnasium parking area unless the vehicle clearly displays an authorized pass. No student will park in areas assigned to staff. "Green spaces" may be used by special permit only. Only seniors would be eligible to gain "close lot" access, and the option to purchase those placards would be determined via lottery.

Violators to any of the above may lose the privilege of parking on the school campus. Cars parked in places other than designated student parking areas may be towed at the owner's expense. Parking on school property during the school day or when participating in school-sponsored activities is a privilege and not a right. As such, cars brought on to school property may be subject to a search by school officials.
