

HINGHAM PUBLIC SCHOOLS MATHEMATICS TUTOR LIST

Below is a list of tutors who have indicated that they are willing to tutor Hingham students in Mathematics. The Mathematics Department strongly suggests that students first seek help from their current classroom teacher. However, we do recognize that families may choose to seek additional assistance outside of the classroom for a multitude of reasons. Ethically, we cannot recommend any one tutor over another. We have asked any interested tutor to provide a brief description of his/her strengths for your convenience.

Apt Tutoring & Test Prep
16 North Street
Hingham, MA 02043
(781) 738-2402
