

# **Weekly COVID-19 Metrics Update**

**Week ending 06/12/2021**

# Town of Hingham - COVID-19 Weekly Public Health Report

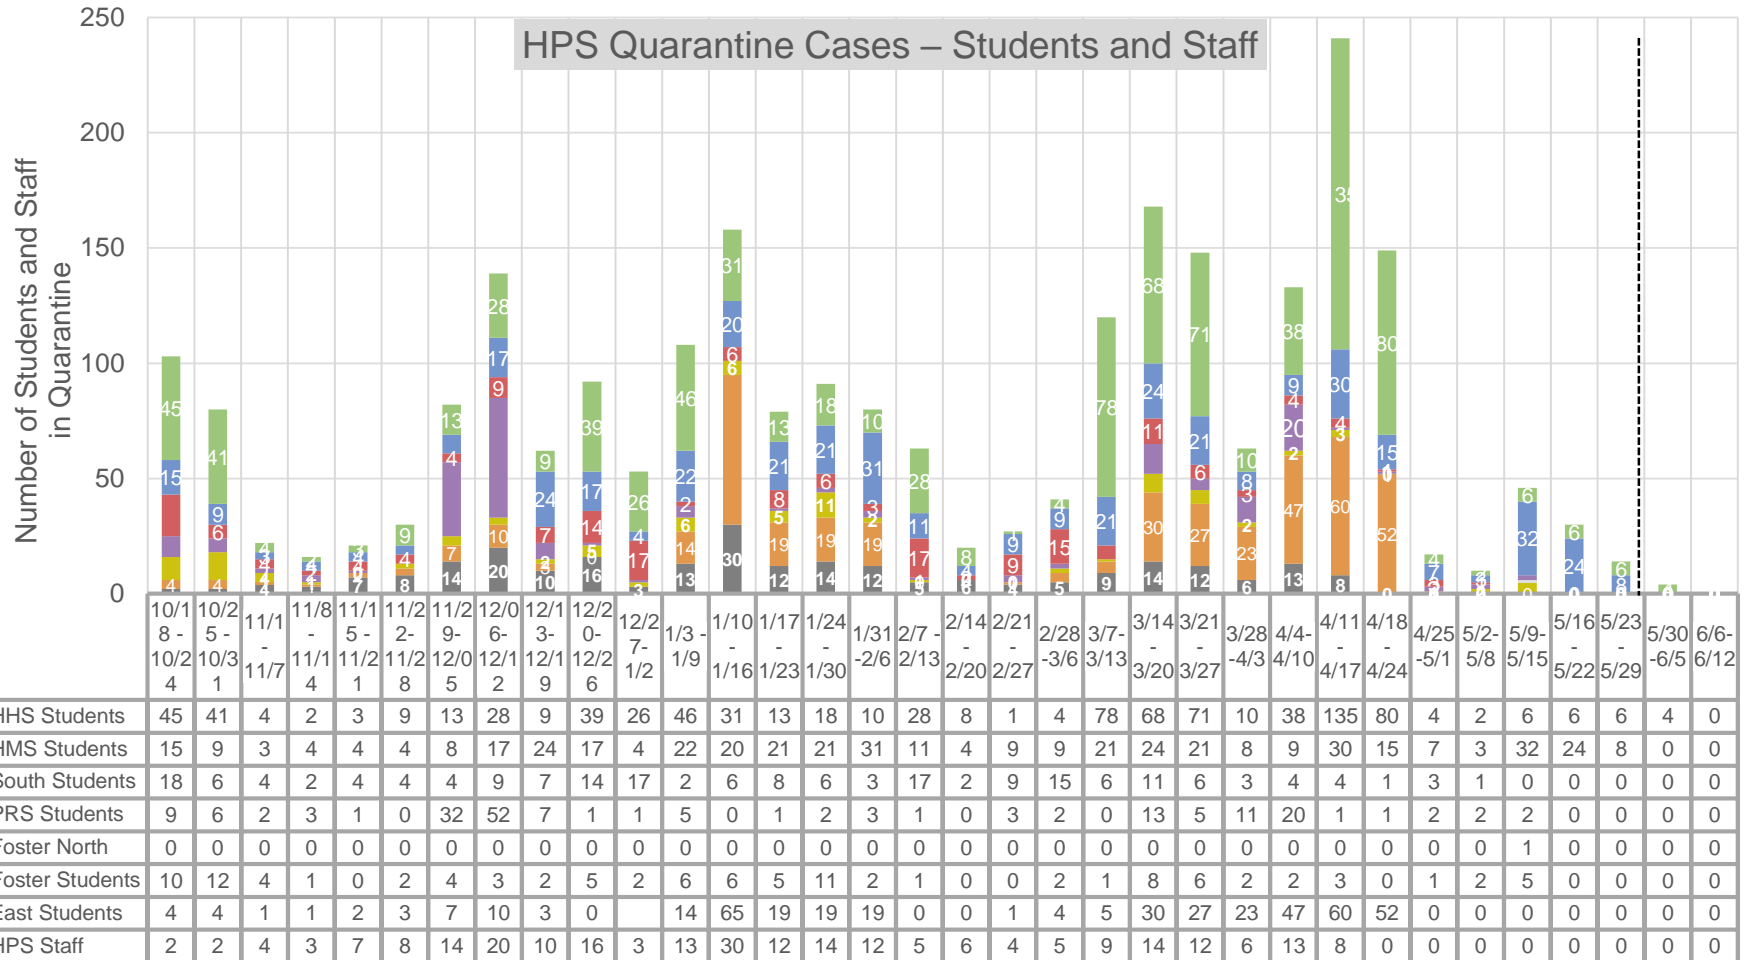

# Hingham Schools - Weekly and Cumulative Positive Test Cases

Graph only reflects positive test cases among students and staff that are attending in-person learning. Does not include any individual that is fully remote. Data is based on self-reporting from the impacted individuals to the school nurse. Weekly numbers will be updated as additional cases are reported.

# Hingham Schools – Weekly Quarantine Report

On April 21, Quarantine guidance for close contacts was approved by the Executive Office of Health and Human Services after consultation with the Governor’s Medical Advisory Board on COVID-19 and other medical advisors. This updated guidance is effective immediately.

Close contacts who were exposed to a COVID-19 positive individual **in the classroom or on the bus while both individuals were masked** do not have to quarantine unless they were within 3 feet of distance of the COVID-19 positive individual for a total of 15 minutes during a 24-hour period. This does not apply if someone was identified as a close contact outside of the classroom or bus (e.g., in sports, extra-curriculars, lunch, etc.) or if masks are not worn by both persons at the time of the exposure. All other close contacts must follow the standard protocol for when a close contact may return to school.

The full guidance is posted on the [COVID-19 guidance page](#) and [available for download](#).
