During October 2021, the Hingham School Committee, with assistance from the New England School Development Council (NESDEC), created a 2021 Superintendent Candidate Profile to inform and guide the Screening Committee and the School Committee on who to select to guide our school district for the future.

The School Committee began the process by using information generated through focus groups conducted in 2017-2018, online surveys, input from staff and leadership, and the School Committee's own perspective on the qualities, skills, character traits, knowledge, and experience that we need in our next Superintendent. The Hingham School Committee invited staff, parents and the Hingham community to provide comments in an initial draft candidate profile through an online survey and feedback session held on October 18<sup>th</sup>. The online survey received 58 responses.

On November 2, 2021, the School Committee reviewed the comments and compiled a final Successful Candidate Profile.
