# SCHOOL COMMITTEE MEETING (BUDGET SESSION I) 

January 5, 2023 6:00PM
North Hearing Room $3^{\text {rd }}$ Floor
Town Hall
210 Central Street
Hingham, MA 02043

Dial-in number: 1-929-205-6099
Meeting ID: 88496287440
Passcode: 853078
Website: https://zoom.us/join

1. Call to Order
2. To provide a budget overview for FY '24
3. Other items not reasonably known 48 hours in advance
4. Adjourn

## FUTURE MEETINGS:

January 9, 2023 at 7:00PM Regularly Scheduled School Committee Meeting January 12, 2023 at 6:00PM SC Budget Work Session II - Building Principals January 18, 2023 at 6:00PM SC Budget Work Session III - Directors of Student Services \& Curriculum January 23, 2023 at 7:00PM Regularly Scheduled School Committee Meeting January 26, 2023 at 6:00PM SC Budget Work Session IV - Athletics, Facilities and Transportation

[^0]Hingham Public Schools FY 24 Budget Presentation

## Hingham Public Schools Budget Process

## Presented by: Margaret Adams, Superintendent of Schools Aisha Oppong, Director of Finance and Operations

## Agenda

- Introduction Budget Process
- Budget Priorities
- Current Budget Drivers
- Financial and Enrollment Data
- Level Services Budget
- Balanced Budget/Reduced Budget
- Unmet Needs

Hingham Public Schools
FY 24 Budget
Presentation

## Introduction

## Budget Process

- Meetings were held with department heads from September through early October to evaluate the prior year's budget, evaluate staffing and communicate expectations for the year ahead.
- The results of those communications produced the staffing audit report.
- Department leaders then met to determine the budget vision based on the strategic plan.
- Department leaders evaluated their needs given level services and areas that could be cut and or reallocated. This information was then communicated to the leadership team.

## Leadership Team's Budget Priorities

## Sustain Current Comprehensive Programming

- Ensure all schools have appropriate levels of highly qualified diverse staff and secure high quality curriculum resources to sustain and improve the current comprehensive programming offered that supports all students' academic and social emotional development.

## Multi-Tiered System of Social Emotional and Academic Supports

- Strengthen tiered system of supports for social emotional learning and academics through staffing, structures, professional development, high quality instruction and curriculum to support the wellness, mental health, and academic needs of all students and staff.

## Leadership Team's Budget Priorities

## Professional Development

- Invest in HPS educators and staff by providing high quality professional development that supports collaboration, promotes equity, and ensures positive academic and social emotional outcomes for all students.

## Facilities \& Technology

- Provide access to safe, modern, and well-maintained facilities, with reliable access to high quality technology, to create a learning environment supportive of students' academic and social emotional development.

## Strategic Plan | 2022-2025 <br> Hingham Together

Navigating Our Future

## Our Mission

Together with students, staff, families and community, we cultivate an equitable, inclusive, innovative learning environment that empowers all students to contribute to their local and global community

## Our Vision

All students will embark on a
lifelong learning journey to flourish with empathy and confidence

Our Core Values

## Current Budget Drivers

## Increased Out of District Special Education Tuitions

- Operational Service Division provides every year an estimated rate of inflation for planning Approved Private Special Education program.
- For the Fiscal Year 2024, their analysis results in an estimate rate of inflation of $14 \%$. This would account for an estimated \$500,000 increase to those costs.
- For context, from FY11 through FY23, the average tuition increase was $1.87 \%$ with a low of $0.75 \%$ to a high of $2.72 \%$.

## Current Budget Drivers

## Increased Contractual Obligations

- Several union contractual agreements will expire in August 2023.

## Increased Fuel Costs

- Current fuel contract ends October 2023. Current estimates double the amount for fuel for FY24.

## Reduce/Eliminate Full-Day Kindergarten Tuition

- Hingham is one of a handful of districts that still charges tuition for full-day kindergarten.
- Begin to reduce tuition or fully eliminate the tuition.

## Current Budget Drivers

## Remove Technology Costs from Capital Outlay

- Current facilities needs require increased funding. By removing technology from Capital, we can begin to address long term capital needs of our buildings.

## Update of Curriculum Materials

- Use one time funds through ESSER to fund new reading curriculum K-5. Current reading program has a copyright of 2014. The following year consider new elementary math programs. Much of the curriculum adoptions were put on hold due to the pandemic.

## Pause of MSBA Accelerated Repairs Program

- South, Plymouth River and High School are in need of new roofs. Pause of this program eliminates this source of funding.

## Current Budget Drivers

## Increased Transportation Costs

- Difficulty recruiting bus and van drivers.
- Difficulty procuring vans.
- Increased costs for contracting with transportation companies that we are currently not able to support using in-district resources.
- Increased costs for fuel.

## Unfunded Mandates

- The state continues to add mandates that often are not accompanied with increased funding.

## Current Budget Drivers

## Increased Fees

- District will increase athletics, rentals, activities fees, Kids In Action (after-school and PreK) fees.

## Commitments to Community Use of Schools

- School facilities fees have not increased and do not always cover our own costs for utilities and staff time.

## Professional Development

- Not funded to reflect current contractual agreements specifically for mentoring of new teachers.
- Funding PD is an area of need to support the implementation of strategic plan.

## Three Budgets

Level Services Budget

- Requires an operational override.
- Provides for continuation of most investments made in the past two years.
- Supports increased costs due to fuel, personnel, and special education tuition.
- Does not add additional unmet needs.

## Balanced Budget or Reduced Services Budgets

- The town is required to have a balanced budget that complies with current funding levels.
- This budget will require reductions due to deficit created through the use of one-time funds and increased costs.

## Unmet Needs

- These are additional request not reflected in either of the two other budgets.

## Why Several Budgets Scenarios

What is an operational override?

FY24 Tax Levy

## Updates from Town Government

- Municipal increase from FY23 to FY 24 is at $3.3 \%$. Schools are at $5.14 \%$. Further information will be provided in terms of revenue growth and how the budget reductions will be split.
- Feedback received on the idea to shift technology capital to operations
- This is viewed as a shift in pools of funds and not as an increase in overall available funds. Town also shares \$150k of similar technology expenditure.
- MOU or 4/3 year commitment to maintain cost increases at a specific rate.

## Budget Composition

## A Significant part of the Budget consists of Personnel costs.

## Budget Composition

## Budget Split - Regular Ed, Student Services and Maintenance

## Budget Composition

## Composition of the Hingham Public Schools Budget

## Assumptions

- Efficiencies=Budget items that are reductions regardless of the operational override. Impact on student is limited.
- Reallocations=Uses an existing resource and applies funding to another purpose. A reallocation happens regardless of the operational override. Impact on students is limited.
- Reductions=Eliminates position or resource in order to balance the budget. Reductions are necessary for balanced budget and go into effect if operational override fails. Impact on students is greater.

## Summary: Efficiencies at Elementary

| Position | Amount |
| :--- | :--- |
| Retirement Savings | $\$ 76,137$ |
| Reduction of Two Fifth Grade Teachers <br> (PRS and Foster-Lower Class Sizes) | $\$ 129,866$ |
| Total | $\$ 206,003$ |

Efficiencies=Budget items that are reductions regardless of the operational override. Impact on student is limited.

## Summary: Efficiencies at HMS

| Reduction | Amount |
| :--- | :--- |
| Retirement Savings | $\$ 40,621$ |
| Science Teacher (1.0) | $\$ 74,553$ |
| English Teacher (.8) | $\$ 60,000$ |
| Total Savings | $\$ 175,174$ |

Efficiencies=Budget items that are reductions regardless of the operational override. Impact on student is limited.

## Summary: Efficiencies at HHS

| Position | Amount |
| :--- | :--- |
| Reading Teacher (1.0) | $\$ 115,174$ |
| ELA Teacher (1.0) | $\$ 74,553$ |
| Science Teacher (.4) | $\$ 44,731$ |
| Physical Education Teacher (1.0) | $\$ 74,553$ |
| Total | $\$ 309,011$ |

Efficiencies=Budget items that are reductions regardless of the operational override. Impact on student is limited.
Other Areas: Physical Education Teacher reduction is dependent on change of Program of Studies allowing sophomores to waive physical education requirement through athletic participation.

## Summary: Efficiencies for Departments

| Position | Amount |
| :--- | :--- |
| Technology (Reduction of Licences) | $\$ 30,000$ |
| Stipend for Special Education Liaisons | $\$ 15,000$ |
| Administration Assistant and Data Analyst | $\$ 120,000$ |
| Total | $\$ 165,000$ |

Other Areas: Reduce athletic transportation by using more on-district services. If we are able to procure another van through capital budget, we can further reduce special education transportation.

## Summary: Total of Efficiencies

| School/Departments | Total |
| :--- | :--- |
| Elementary | $\$ 206,003$ |
| Middle | $\$ 175,174$ |
| High School | $\$ 309,011$ |
| Department | $\$ 165,000$ |
| Total | $\$ 855,188$ |

Efficiencies=Budget items that are reductions regardless of the operational override. Impact on student is limited.

## Summary: Reallocation for Elementary

| Position Reductions | Amount |
| :--- | :--- |
| 8 Paraprofessionals | $\$ 168,000$ |
| Speech and Language Contracted Services | $\$ 119,638$ |
| Total | $\$ 287,638$ |
| Positions Added | Amount |
| Music Teacher (.2) at PRS | $\$ 23,532$ |
| Special Education Teacher at PRS | $\$ 74,553$ |
| Special Education Teacher at East | $\$ 74,553$ |
| Speech and Language Pathologist | $\$ 115,000$ |
| Total | $\$ 287,638$ |

Reallocations=Uses an existing resource and applies funding to another purpose. They happen regardless of the operational override. Impact on students is limited.

## Proposed Reallocation

## Proposed Reallocations

| Reduction | Amount |
| :--- | :--- |
| Facilities Salary Savings | $\$ 55,000$ |
| Reallocation | Amount |
| Licensed Tradesperson | $\$ 55,000$ |

Reallocations=Uses an existing resource and applies funding to another purpose. They happen regardless of the operational override. Impact on students is limited.

- Reductions=Eliminates position or resource in order to balance the budget. Reductions are necessary for balanced budget and go into effect if operational override fails. Impact on students is greater.

## Summary: Reduced Service Budget Elementary

| Position | Amount |
| :--- | :--- |
| MTSS Coordinator (.6) | $\$ 50,000$ |
| Writing Specialist (1) | $\$ 74,553$ |
| Kindergarten Paraprofessionals (4) | $\$ 89,996$ |
| Reading and Math Interventionists (8) | $\$ 319,100$ |
| K-5 Field Science Teacher (1) | $\$ 74,553$ |
| Special Education Admin (4) | $\$ 84,368$ |
| Early Childhood Coordinator (.2) | $\$ 20,000$ |
| Total (18.8 FTEs) | $\$ 712,570$ |
| Non-Personnel (Textbooks and Supplies) | $\$ 92,180$ |

Reductions=Eliminates position or resource in order to balance the budget. Reductions are necessary for balanced budget and go into effect if operational override fails. Impact on students is greater.

## Summary: Reduced Service Budget HMS

| Position | Amount |
| :--- | :--- |
| Math Tutors (2 FTE) | $\$ 86,423$ |
| Paraprofessional (1 FTE) | $\$ 22,499$ |
| Library Paraprofessional (1 FTE) | $\$ 22,499$ |
| Science Teacher (.4 FTE) | $\$ 29,812$ |
| Art Teacher (.8 FTE) | $\$ 59,642$ |
| Total (5.2 FTEs) | $\$ 220,875$ |
| Non-Personnel (Textbooks and <br> Supplies) | $\mathbf{\$ 1 0 , 0 0 0}$ |

## Summary: Reduced Service Budget HHS

| Position | Amount |
| :--- | :--- |
| Library Paraprofessional (1) | $\$ 22,499$ |
| Health Teacher (.5) | $\$ 44,731$ |
| Total (1.5 FTEs) | $\$ 67,230$ |
| Non-Personnel (Textbooks and <br> Supplies) | $\$ 10,000$ |

## Summary: Reduced Service Budget Departments

| Position | Amount |
| :--- | :--- |
| Technology Supplies and Subscriptions | $\$ 35,000$ |
| Total | $\mathbf{\$ 3 5 , 0 0 0}$ |

## Summary: Total of Reductions

| School/Departments | Total |
| :--- | :--- |
| Elementary | $\$ 804,750$ |
| Middle | $\$ 230,875$ |
| High School | $\$ 77,230$ |
| Department (Technology) | $\$ 35,000$ |
| Total | $\$ 1,147,855$ |

Reductions=Eliminates position or resource in order to balance the budget. Reductions are necessary for balanced budget and go into effect if operational override fails. Impact on students is greater.

## Superintendent's Message

Dear Hingham School Community,

The FY24 budget cycle presents significant challenges as the town is entering the budget season with a deficit that results from COVID-19 and related operational needs. This deficit is due to the use of one-time federal and local reserve funds in FY22 and FY23 to to offset these deficits. However, as those funds are depleted, the town must either raise additional revenue or cut services to balance future fiscal year budgets.

Given this context, the town is considering an operating budget override which requires us to approach budgeting differently than in previous years. In anticipation of an override, we will present two separate budgets to the school committee and community: a "level service" budget that would maintain the current level of existing educational programs and services, and a balanced budget that, unfortunately, might require a reduction in services. Below I have outlined additional context and explanation for each of these budgets.

Level Service Budget: This budget will allow us to maintain current programming. This budget assumes that the Town Meeting provides an operational override. An operational override requires raising the property tax above the $2.5 \%$ threshold. An operational override requires approval at Town Meeting in April and a majority vote on the ballot at the spring town election. An operational override can provide the recurring revenue needed to fill the gap created by the use of those one-time federal and local reserve dollars, thereby permanently eliminating the gap created in FY22. However, with increased costs for out of district special education tuition, fuel, personnel, facilities, and transportation, even if an override does pass Town Meeting and the ballot, we still may require some reductions to the budget.

Reduced Services Budget or Balanced Budget: The second budget we will be presenting outlines a series of reductions that would be needed if an operational override is not passed. The town refers to this as the balanced budget because under state law they are required to present a budget that complies with current funding levels.

In addition to the budget deficit, there are increased costs that also impact the development of the budget. In FY24, the Operational Service Division, which provides every year an estimated rate of inflation for planning Approved Private Special Education programs, indicated a potential increase of $14 \%$ in tuition for out of district placements. For context, from FY11 through FY23, the average tuition increase was $1.87 \%$ with a low of $0.75 \%$ to a high of $2.72 \%$. The district will experience increased costs for personnel, transportation, fuel, and personnel in FY24.

In the development of both budgets, the district developed our priorities that include continuation of the three year strategic plan. The strategic plan outlines goals to develop and sustain a school system that is continuously improving teaching and learning, so that our students can
realize academic, social-emotional, and personal success. The following are additional priorities established by the Leadership Team in the development of the two budgets:

- The budgets attempt to sustain current comprehensive programming to ensure all schools have appropriate levels of highly qualified diverse staff and secure high quality curriculum resources to sustain and improve the current comprehensive programming offered that supports all students' academic and social emotional development.
- A priority included strengthening our tiered system of support for social emotional learning and academics through staffing, structures, professional development, high quality instruction and curriculum to support the wellness, mental health, and academic needs of all students and staff.
- Funding for professional development also allows us to further invest in HPS educators and staff by providing high quality professional development that supports collaboration, promotes equity, and ensures positive academic and social emotional outcomes for all students.
- Finally, investments in facilities and technology allow us to provide access to safe, modern, and well-maintained facilities, with reliable access to high quality technology, to create a learning environment supportive of students' academic and social emotional development.

I look forward to continuing to provide more information to the community about the budget and how we continue to support our district's goals to support all of our students. The past few years have been incredibly difficult for our students, families, teachers, and staff, but through it all, the community has shown your deep commitment to students and to each other. We are confident that by continuing to work together, we will get through this challenging budget cycle.

Regards,
Margaret Adams
Superintendent

## Strategic Plan

During the spring of 2022, the Hingham Public Schools convened a group of stakeholders to develop a three year strategic plan that outlined a three year vision and goals.

## Mission

The Mission Statement explains who we are and highlights our fundamental reason for existing. When others read the mission statement they should understand what our core role is as a district.

HPS Mission:
Together with students, staff, families and community, we cultivate an equitable, inclusive, innovative learning environment that empowers all students to contribute to their local and global community.

## Core Values

The Hingham Public Schools' Core Values should remain constant in an everchanging world. These values provide the foundation for our work and influence how we conduct ourselves and engage with others. The following set of core values was established:

A Vision Statement represents an aspirational description of what an organization would like to achieve or accomplish in the mid-term or long-term future. It is intended to serve as a clear guide for choosing current and future courses of action. It is intended to be our compass - our North Star. The vision statement should be a brief, but concise statement that clearly exemplifies the district's vision for those it serves.

HPS Vision: All students will embark on a lifelong learning journey to flourish with empathy and confidence

## Strategic Objectives

Spoke \#1: Culture of Collaboration and Community
=21. Spoke \#2: Culturally Responsive Teaching and Learning
3n. Spoke \#3: Healthy, Equitable, and Inclusive Communities
24x. Spoke \#4: Capital and Finance
251. Spoke \#5: Human Resources and Leadership

## District Priorities

The Leadership Team met to develop our priorities for the budget development:

- Priority One: Sustain Current Comprehensive Programming

Ensure all schools have appropriate levels of highly qualified diverse staff and secure high quality curriculum resources to sustain and improve the current comprehensive programming offered that supports all students' academic and social emotional development.

- Priority Two: Multi-Tiered System of Social Emotional and Academic Supports Strengthen tiered system of supports for social emotional learning and academics through staffing, structures, professional development, high quality instruction and curriculum to support the wellness, mental health, and academic needs of all students and staff.
- Priority Three: Professional Development

Invest in HPS educators and staff by providing high quality professional development that supports collaboration, promotes equity, and ensures positive academic and social emotional outcomes for all students.

- Priority Four: Facilities \& Technology

Provide access to safe, modern, and well-maintained facilities, with reliable access to high quality technology, to create a learning environment supportive of students' academic and social emotional development.

## District Enrollment

The global pandemic impacted schools in many unpredictable ways. One area was student enrollment. Hingham Public Schools was impacted by decreased enrollment as a result of the pandemic. At the beginning of the SY 2020-2021, the schools saw a decrease of 368 students.

Two comparisons are made below. First, a comparison of the total population for the past ten years. Second, a comparison of the total student population for the past ten years by level, elementary, middle and high school.

Total Enrollment vs. Year

## Financial Information

## Revolving Funds

According to DLS, a revolving fund separately accounts for specific revenues and earmarks them for expenditure by a board or officer without appropriation for particular purposes to support the activity, program, or service that generated the revenues. Typically, revolving funds are authorized by state law for programs or services with expenses that (1) fluctuate with demand and (2) can be matched with the fees, charges or other revenues collected during the year.

Hingham Public Schools has established certain school enterprise and revolving fund accounts to hold fees, tuitions, and other revenues that are then used to offset the expense of the related programs. The School Committee approves establishment of each revolving fund and sets policy on allowable uses, restrictions, and recommended fund balances.

As part of the budget process each year, the School Committee receives a summary of the revolving funds with at least two years of receipts and current balances for each fund. The Committee may hear any requests from the Superintendent and/or Director of Business and Support Services related to the addition, deletion, modification, or use of Revolving Funds.

| Revolving Account | Source of Funds | Use of Funds |
| :--- | :--- | :--- |
| School Lunch <br> $\mathbf{( 2 6 0 0 )}$ | Food Services is a self supporting <br> entity within the district. Fees are <br> for meals provided. HPS takes part <br> in the National School Lunch <br> Program. Support provided to <br> schools participating in the program <br> comes in the form of a cash <br> reimbursement for each meal <br> served. | Funds to be used to compensate <br> employees. In addition, funds <br> can be used for maintenance of <br> equipment, purchase of new <br> equipment, or to pay for <br> contracted services, and <br> materials to operate the food <br> service program. An allocation <br> for rent and other utilities is <br> included in the expenses. |
| Kids in Action <br> $\mathbf{( 2 6 1 0 )}$ | Kids In Action is a yearlong <br> program. It is a self supporting <br> entity within the district. Tuition is <br> an annual fee that is paid over 10 <br> months. Rates vary based on the | Regulations require 3 months of <br> expenses in reserve: <br> approximately \$400,000. |
| Funds to be used to compensate <br> employees, pay for contracted <br> services, health insurance, <br> equipment and materials to <br> operate the Kids in Action |  |  |

## Comparable Financial Data

Included is information based upon available statewide finanical information available from the Massachusetts Department of Elementary and Secondary Education. Hingham is compared to identified benchmark and comparable districts. Hingham has identified benchmark districts often used in determining contractual and financial comparisons. In addition, data is also presented for ten other districts considered comparable to Hingham in their demographics and community economic factors.

Three comparisons are made.

- First, the in-district per pupil expenditure and total per pupil expenditure are presented. An in-district per pupil expenditure measures what is spent on the pupils enrolled at the district. The total per pupil expenditure includes all categories of spending, and combines both groups of students, in-district and out-of-district. In both comparisons, Hingham is represented in the bottom half for both in-district and total per pupil expenditures.
- Second, teacher salaries are presented for both benchmark and comparable districts from 2017-2021. For teacher salaries, Hingham appears in the highest half in both comparisons.
- Third, the student to teacher ratio is presented for both benchmark and comparable districts. In both comparisons, Hingham appears at the midpoint for student to teacher ratios.

## 2021-22 Student/Teacher Ratio (Benchmark Districts)

District

## Unmet Needs

Two budgets are presented, a level service and reduced service/balanced budget. These two budgets do not include additional needs identified through the process with the Leadership Team. The following table represents a summary of the identified needs, the cost, and the rationale for the cost.

| Need | Amount | Rationale |
| :--- | :--- | :--- |
| Reduction of Technology <br> Costs in Capital Outlay | $\$ 300,000$ | Given a portion of Capital Outlay is used to <br> support technology needs of the district, the <br> amount used to address significant facilities <br> needs is limited. By moving technology costs <br> to the operating budget, we are able to <br> allocate the funds used in the past for <br> technology to capital needs of the facilities. |
| Nursing Coordinator | $\$ 115,174$ | Currently, nurses are supervised by their <br> school principal. The nurse manager would be <br> available to provide for the organization and <br> coordination of health services for students. <br> The nurse manager could provide additional <br> coverage to support nursing absences. <br> Procuring nurse substitutes is challenging <br> given to the specialized nature of <br> understanding the needs of the students. |
| Increased Professional <br> Development | $\$ 200,000$ | The funding would support elements of the <br> strategic plan to include professional <br> development that require funding including <br> training on diversity and equity. In addition, <br> curriculum development and implementation <br> requires funding to support teacher time. |
| Elimination of Full Day | $\$ 932,000$ | Hingham is one of only a handful of districts in <br> the state that still has a fee for full-day <br> kindergarten. Kindergarten is an important <br> part of developing early literacy, math, and <br> social emotional learning skills for students. <br> Reduction of the fee allows all students to <br> access a full day program without the <br> additional burden of a fee. |
| Fre-Kindergarten Fee |  | $\$ 1,547,174$ |

## State Budget Development Process

The Education Reform Act of 1993 re-vamped school finance in Massachusetts with the primary goals of ensuring adequate and equitable funding in all public school districts across the Commonwealth. Spending minimums are established each year depending upon a district's foundation enrollment and foundation budget. Subsequently, each community's ability to pay for the foundation budget is assessed using the aggregate wealth formula which measures a community's relative wealth by benchmarking aggregate property and income levels. This assessment calculates a target share of the foundation budget that each community is required to fund and the remaining share is funded by the Commonwealth via Chapter 70 state aid. Each year, the state ensures school districts meet their spending minimums by receiving detailed reports on revenues and expenditures and then calculating a district's net school spending.

## JANUARY

The budget begins as a bill that the Governor submits on the fourth Wednesday in January (or five weeks later if at the start of a new term) to the House of Representatives.

## FEBRUARY

The House Ways and Means Committee reviews the Governor's budget and then develops its own recommendation. MARCH Individual representatives submit budget amendments which are then debated on the House floor. Once debated, amended and voted on by the full House, it becomes the final House budget bill and moves to the Senate.

## APRIL-MAY

The Senate Ways and Means Committee reviews both the Governor's and House budgets and develops its own recommendation. Individual representatives submit budget amendments which are then debated on the Senate floor. Once debated, amended and voted on, it becomes the final Senate's budget bill. State finance law requires the Governor to submit budget revisions to his proposed budget if revenue forecasts predict a shortfall after the original submission. House and Senate leadership assign members to a conference committee to negotiate the differences between the House and Senate bills. The conference committee report can only be approved or rejected, no additional amendments can be made.

## JUNE

Once approved by both chambers of the Legislature, the Governor has ten days to review it. The Governor may approve or veto the entire budget, or may veto or reduce particular line items or sections, but may not add anything.

JULY The House and Senate may vote to override the Governor's vetoes. Overrides require a two-thirds roll-call vote in each chamber. The final budget is also known as the General Appropriations Act (GAA).

## School District Budget Development Process

The development of the annual operating budget begins each fall with the Leadership Team and School Committee discussion about the upcoming year priorities and guidelines. At the same time, the Director of Finance and Operations begins the tasks of forecasting expenditures including salary/wages amounts, estimates of special education costs, review of operating costs and other contractual obligations.

During the months of October through December, expense and revenue estimates and the development of an initial budget proposal are developed. For FY24, the Leadership Team had the initial challenge of consideration of several budget scenarios including finalizing expense and revenue estimates. This planning has also convinced with discussions with the town to discuss the town appropriations for the school and upcoming forecast projections.

In December, the Leadership Team met with the Finance and Capital Subcommittee to discuss preliminary numbers including those for the level services budget and potential reductions for a reduced services budget.

The month of January is committed to providing the School Committee with reports and presentations on various components of the level services and balanced budget proposals. Following, the Leadership Team will continue to communicate the voted budget by the School Committee to the Advisory Committee in preparation for town meeting in April.

A detailed FY24 budget calendar is shown on the following pages.

## Budget Calendar

FY24 Budget Calendar

| Date | Task | Persons Responsible |
| :--- | :--- | :--- |
| Week of September 26th | The Director of Finance and Operations provides <br> principals, cabinet and directors with budget worksheets. | Director of Finance and Operations |

| April 29th | Town Election |  |

## Benchmark District Financial Data

The following is based on 2021-22 school year data reported by the Massachusetts Department of Elementary and Secondary Education school and district profiles. The student/teacher ratio for Hingham is slightly above the state. In comparison to the 19 benchmark districts, Hingham ranks 9th highest among the districts in its student/teacher ratio.

The average student/teacher ratio of the 19 benchmark districts for the 21-22 school year is 11.97. Hingham is slightly above this average 12.1.

| District | Total \# of Teachers (FTE) | Student/Teacher Ratio |
| :--- | :--- | :--- |
| State | $76,328.8$ | $11.9: 1$ |
| Andover | 484.2 | $11.3: 1$ |

## Benchmark Communities-Students with Disabilities (SWD)

The following data outlines across the specific job functions that support students with disabilities for the state and 19 benchmark districts including Hingham. Reported are the total number of staff for each job function and student to staff ratios based on FY20 data reported to the Massachusetts DESE. The District Analysis and Review Tools (DARTs) for Staffing and Finance provided by Massachusetts DESE was used to collect the information.

In all job functions reported below, Hingham was below the state average when comparing students with disabilities to staff ratios except for special education related staff. In addition, in comparison to the 19 benchmark districts listed below, Hingham ranks among the highest in the job functions of special education instructional support and special education related staff. Specifically, for special education teachers Hingham ranks 10th in its student to staff ratio, 18th for special education paraprofessionals, 5th highest for special education instructional supports, and 2nd for special education related staff.

The following definitions outline the specific job functions outlined below:

- Special Educational instructional include the positions of school adjustment counselors, school psychologists, and social workers providing direct services to special education students.
