

Beginning of Year (BOY) Assessment Data

December 12, 2022

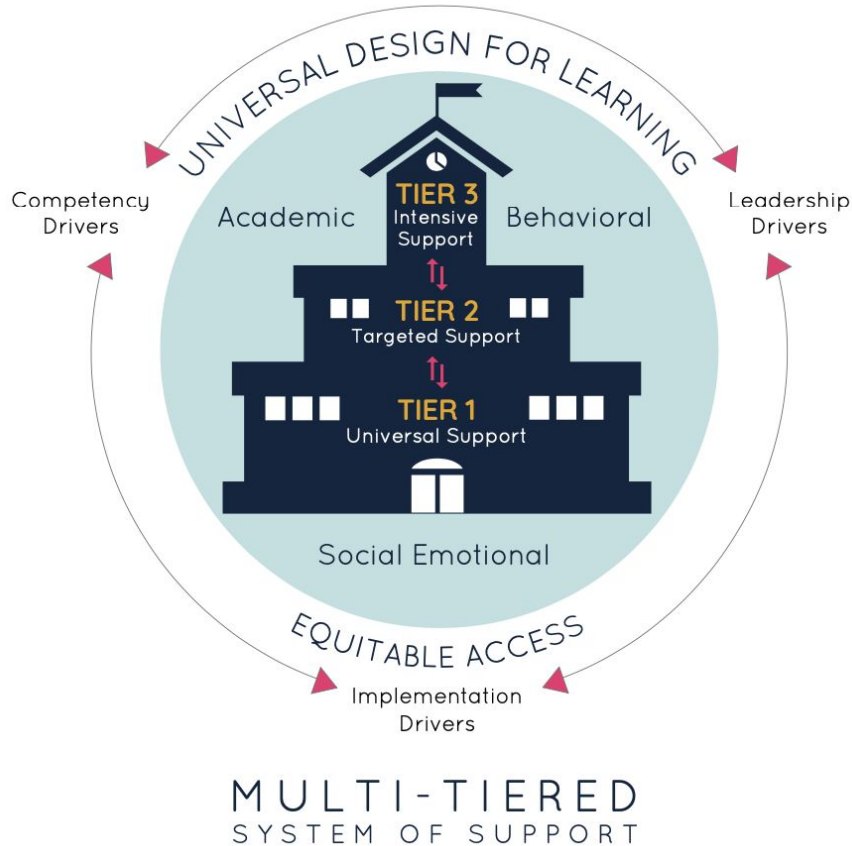

Dr. Margaret Adams, Superintendent

Kathryn Roberts, Interim Assistant Superintendent

Mary Andrews, Director of ELA

David Jewett, Director of Mathematics

Multi-Tiered System of Support (MTSS)

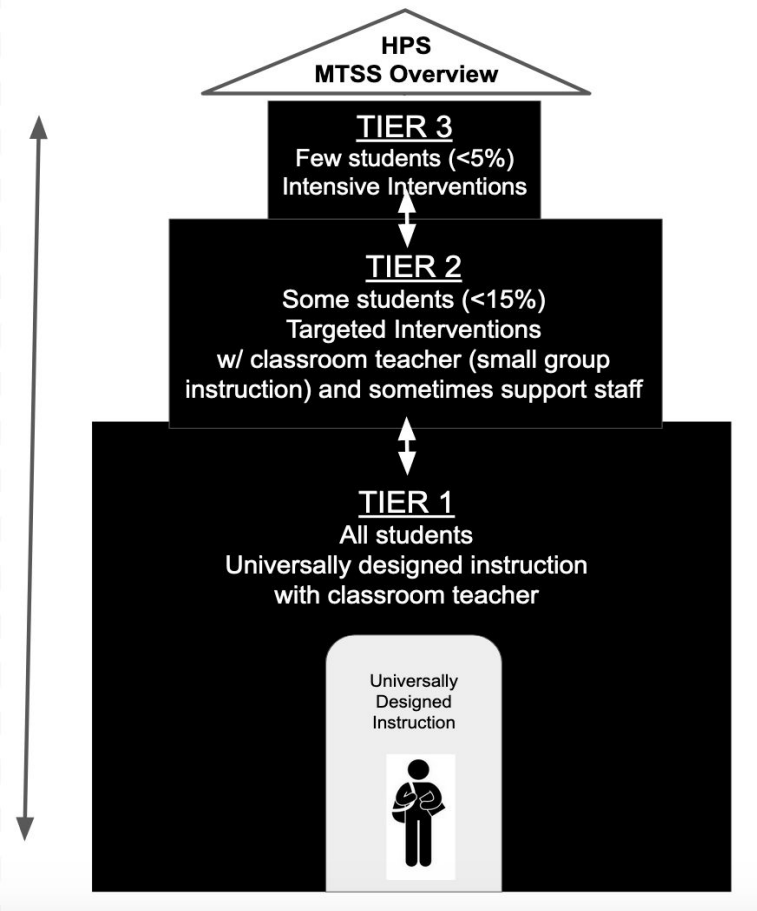

Through MTSS, we will proactively identify and address the strengths and needs of all students by optimizing:

- data-driven decision-making
- progress monitoring
- evidence-based supports and strategies

HPS MTSS (Academic)

HPS Multi-Tiered System of Support (Academic)

Gr. 3-5	Everyday Math (EDM) Unit Assessments Math MCAS iReady Diagnostic

How will iReady Diagnostic Data be used?

iReady Diagnostic Data

Analyze individual strengths and areas for growth

Inform instruction, grouping, and tiered supports

Monitor progress to adjust supports as needed

Collaborate with students, families and educators to set goals

BOY

General Conclusions

DIBELS Grades K-2:

- **78%** of **ALL** kindergarteners and **63%** of **SWD** tested **at or above** the Fall 2022 benchmark
- **69%** of **ALL** first graders and **39%** of **SWD** tested **at or above** the Fall 2022 benchmark
- **82%** of **ALL** second graders and **53%** of **SWD** tested **at or above** the Fall 2022 benchmark

iReady Grades 3-5:

- **93%** of **ALL** third graders and **80%** of **SWD** demonstrated readiness for grade-level work on the BOY assessment
- **91%** of **ALL** fourth graders and **66%** of **SWD** demonstrated readiness for grade-level work on the BOY assessment
- **90%** of **ALL** fifth graders and **69%** of **SWD** demonstrated readiness for grade-level work on the BOY assessment

Next Steps (Grades K-5)

- Adopt a new K-5 reading program fully aligned with the science of reading principles for Fall 2023.
- Continue our focus on optimizing MTSS efficacy in grades K-5.
- Conduct regular data meetings every six to eight weeks to monitor progress and assign intervention groups and resources accordingly.
- Train reading specialists in *Keys to Literacy* strategies to optimize push-in support outcomes, especially in the areas of vocabulary and comprehension.
- Support consistent implementation of *Lexia* across K-2 and *iReady My Path* across 3-5 as learning tools to accelerate student learning.
- *Let's Go Learn* used as an additional assessment, progress monitoring, and personalized learning tool for special education students.

Mathematics

K-2 iReady BOY Diagnostic Mathematics

Students in **green and yellow** categories are considered ready for grade level work upon entering 2022-2023 School Year.

	Grade K	Grade 1	Grade 2
National In School	685,841	969,359	1,001,105

Grade 4	19%	30%	44%	5%	2%
Grade 5	31%	34%	30%	4%	2%
Grade 6	23%	40%	35%	2%	0%

General Conclusions

- In grades K-2, about 95% of students are ready to access grade level curriculum.
 - The grades K-2 Students with Disabilities sub group shows 82% of students ready to access grade level instruction with a higher percentage need in the Numbers and Operations domain.
- In grades 3-6, 94% of students are ready to access grade level curriculum.
 - The grades 3-6 for Students with Disabilities sub group shows 80% of students ready to access grade level instruction with higher percentage need in the Geometry domain.
- Students with Disabilities subgroup shows an average of 22% of students below grade level across grades 1-6.

Next Steps

- Support implementation of *iReady My Path* across grades K-6 as a tool to accelerate student learning.
- Use *iReady Diagnostic* data to inform decisions for MTSS intervention groupings.
- Meet with classroom teachers every six to eight weeks to review iReady data to support aligning instruction to students' needs.
- In grades K-5, support implementation of the math workshop block and use of core instructional practices through professional development.
- In grades 6-8, use iReady data in the decision making process for Math Lab intervention.
- *Let's Go Learn* used as an additional assessment, progress monitoring, and personalized learning tool for special education students.
