MEMORANDUM

To: Dr. Margaret Adams, Superintendent of Schools
School Committee Members

From: Andy Hoey, Director of Social Studies K-12

Date: June 12, 2023

Re: Social Studies and Business Departments Program Review Update

The HPS Social Studies and Business Departments began their new, two-year program review cycle during the 2022-2023 school year. These are the first two departments to engage in the updated Hingham Public Schools Program Review process, which is now a multi-year, systematic cycle of improvement to ensure a robust curriculum and comprehensive instructional programming that is aligned to the district mission and vision.

The first part of the program review involves a self-study, comprised of the following steps:

- Develop essential questions to focus the self-study
- Gather curriculum documents, instructional resources, and program data for analysis
- Seek community feedback on program offerings
- Review Program of Studies documents from comparable districts, followed by site visits to select districts and reciprocal site visits to HPS

The second part of the program review involves constructing a written report and developing recommendations and an action plan. The action plan sets the agenda for program development and curriculum updates/changes, identifies professional development needs, and is used in the budgeting process to allocate resources. The program review report and action plan will be presented to the School Committee at the conclusion of Year 2 of the Program Review process and will be implemented during the subsequent four years of the review cycle.

During the 2022-2023 school year, the program review team was assembled of the following staff:

- Andy Hoey, K-12 Director of Social Studies
- Charlotte Bessoud, Grade 1
- Ali Thompson, Grade 4
- Melissa Hamrock, Grade 5
- Julie McDonough, Grade 6 World Geography & Cultures I
- Kaitlin McDougall, Grade 7 World Geography & Cultures II
- Jennifer Driscoll, Grade 8 U.S. History & Civics
- Patrick Doerr, Grade 9 World History I, Grade 11 U.S. History

- Ron Woolley, Grade 10 World History II
- Kathryn Black, Grade 12 A.P. European History
- Steve George, Grades 10-12 Business electives
- Joe Tarantello Grades 9-12 Business electives

Thus far the program review team has completed the following steps:

- Developed the following essential questions to guide the self-study process:
 - a. To what extent is the program aligned to standards and articulated vertically and horizontally?
 - b. To what extent does the program foster the development of student skills?
 - c. To what extent does the program use best instructional practices?
 - d. To what extent does the program meet the needs of all students?
 - e. To what extent does the program prepare students for life?
 - f. To what extent does the program have the necessary resources?
- Conducted site visits to Braintree, Duxbury, Needham, Norwell, Plymouth, and Scituate. (These site visits were conducted in early 2020, prior to the Covid-19 shutdown, in anticipation of the previously scheduled 2021 program review.)
- Gathered and begun to analyze program documents and data

During the 2023-2024 school year, the program review team will

- Complete analysis of the program review documents and data
- Develop and administer stakeholder surveys
- Host a visiting team of educators to provide feedback on current programs
- Write the summary report and action plan

We look forward to presenting our findings and action plan to the School Committee in the spring of 2024.

- Steve George, Grades 10-12 Business electives
- Joe Tarantello Grades 9-12 Business electives

Completed Steps in 2022-2023

- Developed the following essential questions to guide the self-study process:
 1. To what extent is the program aligned to standards and articulated vertically and horizontally?
 2. To what extent does the program foster the development of student skills?
 3. To what extent does the program use best instructional practices?
 4. To what extent does the program meet the needs of all students?
 5. To what extent does the program prepare students for life?
 6. To what extent does the program have the necessary resources?

Completed Steps in 2022-2023

- Conducted site visits to Braintree, Duxbury, Needham, Norwell, Plymouth, and Scituate. (These site visits were conducted in early 2020, prior to the Covid-19 shutdown, in anticipation of the previously scheduled 2021 program review.)
- Gathered and begun to analyze program documents and data

Next Steps in 2023-2024

- Complete analysis of the program review documents and data
- Develop and administer stakeholder surveys
- Host a visiting team of educators to provide feedback on current programs
- Write the summary report and action plan

Multi-Tiered System of Support (MTSS)

MULTI-TIERED
SYSTEM OF SUPPORT

Through MTSS, we will proactively identify and address the strengths and needs of all students by optimizing:

- data-driven decision-making
- progress monitoring
- evidence-based supports and strategies

MTSS Intervention Cycles & Next Steps

- The presentation of EOY data completes our first full year-long intervention cycle under the newly restructured MTSS intervention protocols.

MTSS Next Steps:

- Continue to refine MTSS interventions and data protocols for 2023-2024.
- Coordinate additional iReady myPath training for specialists and interventionists to further personalize interventions.
- District-wide adoption of a new evidence-based K-5 reading program, *Into Reading*, in 2023-2024.
- Continue elementary math coaching cycles related to math workshop model and math practices.

Grades K-2 Acadience (DIBELS) Takeaways...

- Due to school closures in March 2020, we are not able to present a comparison point from EOY 2020 data as we were able to do with that same year's MOY data.
- In following the cohort of kindergarteners who started during the "Covid" year (2020-21) through the current school year (2022-23), it is evident that the MTSS interventions in place are successfully remediating pandemic learning loss.
- Even with the higher performance level score ranges for EOY assessments and the different subtests included, 83% of this year's kindergartners placed at or above benchmark for the Acadience (DIBELS) composite score.
- Over $\frac{3}{4}$ of HPS first graders placed at or above benchmark for the EOY Acadience (DIBELS) composite score despite the increased benchmark cut-offs and varied subtests considered.
- Even with the higher performance level score ranges and varied subtests considered for EOY assessments, more than 80% of this year's second graders placed at or above benchmark for the Acadience (DIBELS) composite score.

Mathematics

iReady Math (Gr. K-6) *Interpretation*

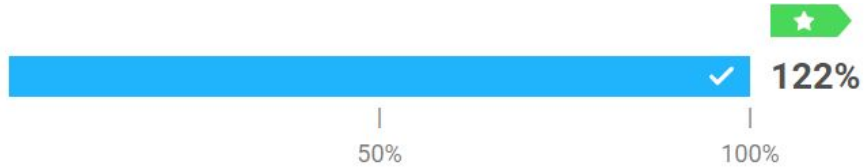

- Grades K-6 are exceeding expectations for *Typical Annual Growth* with a range from 119% -157%.
- Grade K-6 special education students are exceeding expectations for *Typical Annual Growth* with a range of 100% - 131%.
- Significant growth into the *On or Above Grade Level* category for all grades for both special education and non-special education subgroups.
- Significant decrease in the number of students in the *Two or More Grade Levels Below* category. This is particularly true for special education students where we saw a grade 1 through 5 average shift from 25.4% (BOY) to 6.4% (EOY).
- EOY data shows more balance in achievement across all four domains with *Numbers and Operations* and *Algebraic Thinking* still slightly higher for all students.
- Concerns about test fatigue where students had ELA/ Math MCAS (and Grade 5 Science MCAS) as well as iReady ELA testing prior to math EOY assessment.

Memorandum

To: Margaret Adams, Superintendent of Schools
From: Rick Swanson, Hingham High School Principal
Cc: Katie Roberts, Assistant Superintendent for Teaching and Learning
Date: July 3, 2023
Re: Implementation of Community Service Graduation Requirement at Hingham High School

As a way to advance School Improvement Goal #3 (“Expand community service opportunities for HHS students”), the HHS School Council proposes the implementation of a new graduation requirement that would apply to all students, beginning with the Class of 2028.

After extensive research and input from the HHS Student Advisory Committee, as well as deliberation over the course of five consecutive School Council meetings held between February 2023 and June 2023, HHS recommends the establishment of a program that would as follows:

- require students to complete 40 hours of community service (including a minimum of 10 hours per year) before graduation;
- allow students to begin fulfilling the requirement during the summer before high school;
- reduce the requirement on a prorated basis (i.e., 10 hours per year) for transfer students;
- list and promote local service opportunities on a program website; and
- enable students to document the completion of service hours through the website.

The program will require oversight by a program administrator. HHS intends to seek grant funding to support an annual stipend of approximately \$3000 for the administrator, whose responsibilities (i.e., maintaining website, tracking hours, approving discretionary opportunities, etc.) would begin during the 2024-2025 school year.

HHS hopes to pilot a “soft launch” by opening the website in Fall 2023 and then launch formally for incoming ninth-grade students in June 2024.

If the School Committee agrees in principle with the intentions summarized here, HHS will draft new language for inclusion in the next editions of the Program of Studies and the HHS Student Handbook.

* Educational Objective(s): These annual trips are designed to foster a sense of community within the music department while providing enriching cultural and musical experiences for our students. Though this trip to Walt Disney World will certainly give the students opportunities to build strong connections with each other as they explore the theme parks, the primary highlight will be our instrumental workshop with Disney Performing Arts focusing on advanced sight reading skills, professional readiness and overall musicianship. This workshop will be led by a member of the DPA conducting staff and will culminate in a recording session featuring our students providing the soundtrack to a classic Disney film.

* Methodology/Integration with Core Curriculum:

Preparation: Students will spend the months leading up to the trip developing sight reading skills as part of our normal rehearsal routines for the purpose of improving their implementation in the workshop itself. Additional team-building exercises will facilitate camaraderie and sense of ensemble.

Follow up: Students consistently return from these trips utilizing their newly-developed connections and musical skills to improve the quality of experience in their ensembles. Our workshop will be debriefed and its core principles will be integrated into our regular rehearsal routines.

EDUCATIONAL TOURS

CHOOSE EARTH

Take your travel to the next level

Educational travel provides a one-of-a-kind opportunity for students to go beyond the classroom walls and learn about the world around them, but it also produces greenhouse gas emissions that contribute to global warming—according to the David Suzuki Foundation, the global tourism industry is responsible for nearly eight percent of emissions worldwide.

At Jumpstreet, we take our Corporate Social Responsibility (CSR) initiatives seriously, and we strive to attain the highest standards of environmental protection. We firmly believe that our business can create sustainable value while minimizing its environmental impacts, which is why we've partnered with Carbonzero to provide our participants with carbon neutral travel experiences. **With our Choose Earth program, your group can offset the greenhouse gas emissions generated by their travel, and Jumpstreet will cover half the cost of the carbon offsets.**

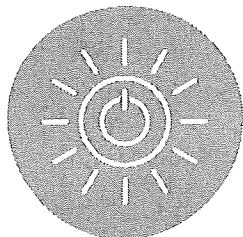

WHAT IS CARBON OFFSETTING?

Carbon offsetting is a means to "neutralize" carbon emissions by investing in projects that remove or reduce carbon elsewhere. Using carbon offsets, or verified reductions of greenhouse gas emissions, individuals can take responsibility for their own climate impact. Offsetting the emissions from flight or bus travel helps to maintain a clean planet while empowering travelers to take action and make a difference.

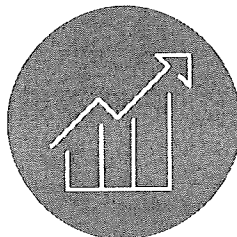

THE SAN ANTONIO EL SITIO WIND POWER PROJECT

Jumpstreet and WorldStrides Canada have selected the San Antonio El Sitio Wind Power Project to receive our travelers' carbon offsets. El Sitio is the first wind power project in Guatemala, contributing to an approximate reduction of 81,392 tonnes of carbon emissions per year by displacing an equivalent amount of electricity generation. The project's construction increased employment opportunities in the region and will continue to provide socio-economic benefits throughout its operation.

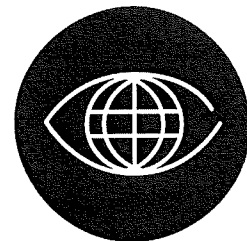

The San Antonio El Sitio Wind Power Project tackles three of the United Nations' 17 Sustainable Development Goals:

Goal 7: Affordable and
Clean Energy

Goal 8: Decent Work and
Economic Growth

Goal 13: Climate Action

SUSTAINABILITY STARTS WITH EDUCATION

At Jumpstreet and WorldStrides Canada, we Choose Earth—it's our way of building environmental and social responsibility into the ethos and outcomes of our business practices and educational programs. We believe that these programs should be adventurous and focus on learning about our most challenging societal problems, all circling back to our dedication to a sustainable future. As an educational provider, we hold a special platform and opportunity to allow participants to engage in sustainable thinking while minimizing our company's carbon footprint on program and in the office.

HOW TO PARTICIPATE

Motorcoach tours are automatically opted-in to the program, and you may enrol your flight group in the Choose Earth program when setting up your tour with Jumpstreet.

Jumpstreet and WorldStrides Canada's matching program

We recognize that change only happens when we work together, so *Jumpstreet and WorldStrides Canada are committed to covering half the cost of our participants' carbon offsets, for a full travel compensation.*

Re: Proposed Changes to the Student Parking Fee at Hingham High School

Hingham High School proposes to increase the parking fee for students for the “close lot” from \$40 to \$80. In addition, Hingham High School proposes implementing a \$20 fee for students for “far lot” parking.

Note: Only seniors would be eligible to gain “close lot” access, and the option to purchase those placards would be determined via lottery.

The increased fees in both parking lots to students are requested in order to support the following:

- the cost associated with numbering the spots and purchasing placards for students
- the students’ newly-guaranteed access to a parking spot every day.

The change in fee structure is needed in order to address the increased usage of the parking lots by students. As the number of students driving to school increases, there have been some school days where the “close lot” was full, limiting access to the lot for visitors to the school. In addition, on some days, the “far lot” was also full. Since students were not guaranteed a spot, they were sometimes unable to find parking and thus were then late to school. The proposed fee structure responds to the increased usage of the parking lots by students.

Memo

To: School Committee Members

From: Aisha N. Oppong – Director of Business and Support Services

CC: Dr. Margaret Adams

Date: July 10, 2023

Subject: Change order for Tennis Court Project

Background

The Hingham High School Tennis Court Project was approved by the School Committee for the design and construction of the tennis courts.

| | |
|---|-------------|
| Town Meeting approved a total budget of | \$864,000 |
| School Committee approved an additional amount from the athletics revolving | \$300,000 |
| Total funds approved | \$1,164,000 |
| | |
| The design fees for the project | \$92,320 |
| Construction fees | \$867,487 |
| Total Cost | \$959,807 |
| | |
| Difference | \$204,193 |

The Change Order Request

The change order request is to hire someone with a construction supervisors license (“CSL”) to pull the building permit to oversee construction of the tennis courts. As part of obtaining the building permit the building department required that someone with a CSL be present as part of the construction project. This specification was not built into the bid documents and hence the reason for the change order. The designers and architects that advised us on this project had mentioned that this has not been a requirement that was enforced with other similar projects. We

ask that the school committee approve a change order of \$2,000 so that someone with a CSL license can be hired and the construction of the project can continue.

Motion:

To approve a change order of \$2,000 for the Hingham High School Tennis Court Project to ensure that a CSL can be hired to assist with pulling the required building permits to continue the project.

Subject: Approval of the lease for traces FY 2023-2024

A bid for rental space was prepared and advertised to house the Traces program. Discussions were also held with the Town Manager to try to identify rental properties within Hingham. Re: DESE Investigating History Grant Award

We received notification that the Hingham Public Schools was successful in its application for a grant offered by the Massachusetts Department of Elementary and Secondary Education (DESE). The Investigating History Implementation Grant is meant to support districts in using the Investigating History curriculum, which is a set of open-source social studies materials developed in partnership between DESE, Primary Source, and other leading scholars. The curriculum is inquiry-based, culturally responsive, and aligned to the 2018 History & Social Science Curriculum Framework. The grant aims to fund the costs for professional development to implement this high quality curriculum. Hingham Public Schools was awarded grant funding totaling \$17,137, which is 100% of the funding requested for the 2023-2024 school year.

This grant will be used to provide a high-quality, multi-pronged professional development program for HPS fifth grade teachers. First, four Grade 5 teacher leaders (one per elementary school) and the K-12 Director of Social Studies will attend a professional development institute in the spring of 2024 with Primary Source, one of the lead authors of the Investigating History curriculum. This will allow for teacher-leader “experts” in each building who will have a deep understanding of the curriculum as a whole. Next, later that spring all Grade 5 teachers in the district will be offered professional development from Educurious, one of the providers certified by DESE to train educators on Investigating History. This professional development will focus on the historical content new to our fifth grade teachers, including new standards on the Civil War and 20th Century Civil Rights. Finally, pending additional state funding in 2024-2025, Hingham will join a partnership with Cohasset and Scituate during the summer/fall of 2024 for additional Educurious training on the remaining Investigating History units, which will be implemented in the 2024-2025 school year. This timing allows HPS Grade 5 teachers to focus on the new reading program during the first half of the 2023-2024 school year, then shift their focus to social studies in the second half of the year.

Investigating History’s reliance on primary sources, inquiry, and diverse perspectives, in addition to aligning well to the HPS Strategic Plan, will elevate our social studies instruction and help ensure its rightful place as a key discipline for our young learners.

Respectfully submitted,
Andy Hoey,
Director of Social Studies K-12

The School Committee will encourage the administration to seek and secure possible sources of state, federal, and other special funds that will enhance the educational opportunities for the children in alignment with district goals. The superintendent will submit for School Committee approval spending plans based on grants or donations received

Donation Items:

In line with the school committee's policy the Hingham Education Foundation has provided the attached list of grants provided to the Hingham Public Schools. The school department is requesting school committee approval of the grants valued at \$45,799.93

To accept \$45,799.93 in grants from the Hingham Education Foundation. The equipment, material and supplies will become the property of Hingham Public Schools.

Declaration of Surplus Materials

Approval needed at School Committee Meeting dated July 10, 2023

Details of items to declare as surplus:

- Books from the South and East Libraries
- Copy machines from the Middle School, Central Office & the High School
- French Textbooks from the World Language Department

Reasons for declaring the items as surplus:

- Copy/ print machines were obsolete and had minimal value. Some were irreparable (at least not cost-effectively). The cost to repair the machines was running higher than replacing them. In some cases RICOH did not have the parts available or no longer supported the machines.
- These texts are not aligned with the MA Frameworks for World Language published in 2021.
- The library books include books in poor condition (pages falling out, mold, etc.) and copies deleted after being marked lost at least six years ago.

Motion: To declare as surplus RICOH multipurpose copy machines from the Middle School, High School and Central Offices listed and to authorize the Director of Business and Support Service to dispose of them at the least cost to Hingham.

Employees are entitled to two (2) personal days per year. They may not be used to extend a holiday or vacation period. Except in cases of emergency, request for personal leave must be made to the Superintendent sufficiently in advance of the day for which leave is being requested. When a request for personal leave is granted, the day or days involved shall be deducted from accumulated sick leave. Personal leave is to be used for matters which cannot be handled at any time other than during a normal working day, such as moving a family, passing papers on a home, legal matters, etc.

SECTION 6. LONGEVITY PAY

Longevity pay shall be paid as follows: One-half of the applicable annual amount shall be payable as of December 31 to each eligible employee and one-half of the applicable annual amount shall be payable as of June 30. Notwithstanding the foregoing, initial eligibility shall be during the fiscal year of the tenth anniversary date of the employee. Subsequent increments will occur in the next full fiscal year following the employee's fifteenth and twentieth anniversary dates. Longevity pay for an employee who is resigning from the employ of the Committee shall be pro-rated from the date of the last longevity adjustment to the first day of the month in which the employee resigns.

One (1) paid bereavement day may be used due to the death of an individual who is not an immediate family member as defined above but with whom the employee has a close relationship. Where unusual circumstances require, additional paid leave may be granted at the discretion of the Superintendent of Schools.

SECTION 8. JURY DUTY

SECTION 10. UNUSED SICK LEAVE

Employees who resign, are dismissed or retire shall not be entitled to additional salary or wages in lieu of any paid sick leave not taken, nor may such unused sick leave be transferred to the account of another employee. Accumulated sick leave up to a maximum of one hundred twenty (120) days of an employee who dies while in the Committee's employ shall be paid to such employee's designated beneficiary, if living, or in lieu of a living designated beneficiary, to such employee's estate.

SECTION 11. WORKERS' COMPENSATION

Loss of time directly attributable to injury incurred while performing assigned duties shall not be charged to sick leave. However, any employee who receives Workers' Compensation benefits from the Town and who has accrued and unused sick leave to his/her credit under this Section shall, if he/she so requests, be paid such of his/her accrued and unused sick leave allowance as, when added to the amount for such Workers' Compensation benefits, will be equal to the amount of his/her full salary or wages. Such make-up payments shall be charged to his/her sick leave and shall be discontinued when his/her sick leave allowance has been exhausted.
