## Advanced Placement Exams

The Advanced Placement (AP) program consists of a series of college – level courses and exams for secondary school students. Typically over 1 million high school students take at least one AP exam nationwide. Satisfactory completion of an Advanced Placement examination may make it possible for a student to earn college credit or advanced standing in college prior to arrival on the college campus.

In 2021, 596 different exams were taken by 308 Hingham High School students. 18 AP classes were offered at HHS and 3 through Virtual High School. Physics students take 2 exams as part of their physics class. Of the 310 graduates of Hingham High School in June 2021, 155 seniors took 351 Advanced Placement exams. Approximately 50% of the graduating class participated in the AP program by taking one or more exams.

The classes have varied from year to year. Students have taken AP Environmental Science, AP Psychology, and AP Economics most often. There are too few students enrolled in most courses to report meaningful statistics.

**Hingham High School  
National Merit Scholarship Competition**

Merit scholars are identified from their performance on the PSAT/NMSQT. A student who is identified as a "semifinalist" is one who has scored in the top half of one percent of each state's high school senior class. Scholarship awards made to semifinalists identify those students as finalists. Semifinalists bring honor to their schools and their parents. However, it is the individual student who is recognized in the merit program for outstanding test performance that indicates exceptional academic promise.

Commended students are those who scored among the top two percent of merit program participants who took the qualifying test. Commended students have also demonstrated exceptional academic promise.
