

NEAL TOMPKINS MEMORIAL SCHOLARSHIP

Neal will always be remembered as a quiet helper. While his charming antics could certainly fill a room, Neal never failed to cede the spotlight and roll up his sleeves to help his family, friends, and colleagues. This shined through in one of Neal's hobbies, theatre, where instead of performing on stage, he supported the show as a member of the backstage tech and crew team responsible for sound, lighting, striking sets, and keeping the whole production running smoothly.
